Text

The textbook is :

**“Intermediate Microeconomics with Calculus : A Modern Approach”, by H. Varian (Norton, 2014)**

(not to be confused with Varian’s graduate microeconomics textbook, or with his undergraduate textbooks that hide the calculus)

Prerequisites

AP/ECON 2300, or equivalent [and all the pre- or corequisites for ECON 2300, namely AP/ECON 1000, AP/ECON 1010, AP/ECON 1530, AP/ECON 1540]

### **Evaluation**

Your grade will be determined by a mid-term exam, and a final exam.

Mid-term	Tuesday July 11, 3 pm – 3.50 pm	33.33%
Final Exam	Thursday August 10, 7 – 9 pm	66.67%

The mid-term will be held in class time, and will last 50 minutes. (There will be a regular lecture after the midterm.)

### **Make-up Exams**

if you must miss the midterm exam, and can provide documentation of your inability to have written the exam, there will be a make-up midterm scheduled [probably a week or two after the regularly-scheduled midterm exam]

if you must miss the final exam, and can provide documentation of your inability to have written the exam, there will be a make-up final exam scheduled [probably a few weeks after the regularly-scheduled final exam]
