Escola de Samba -Level Clarification FA/MUSI 1049 3.0; 2049 3.0;
1049: There is no prerequisite. This is the beginner level. 2000 level: requires completion of the 1000 level or the equivalent of that level of performance experience. Upper level, advanced courses 3000 level: requires the completion of 2000 level or the equivalent of that level of performance experience. 4000 level the completion of 3000 level or the equivalent of that level of performance experience.

Considerations:
You may only take one level in a given term. You will be graded according to the performance level that you are registered in. Therefore if you are registered in a 4000 level you will be required to identify, play, sing and teach by example, all parts and compositions taught in class.

You must be prepared to accept the responsibility and be able to assist colleagues, setting the bar at the highest-level which is 4000. ***It is highly recommended that that you do not take an upper level course if you have not taken any of the lower levels or have no experience in music performance***

Performance evaluations are based on your individual development as displayed in class over the term--technique, rhythmic and melodic skills, ensemble sensibilities, and command of prescribed parts for the repertoire, memory skills, etc. Barring exceptional circumstances, there is no individual testing.

- "20% Rule"

No examinations or tests collectively worth more than 20% of the final grade in a course will be given during the final 14 calendar days of classes in a term. The exceptions to the rule are classes which regularly meet Friday evenings or on Saturday and/or Sunday at any time, and courses offered in the compressed summer terms.

Technical requirements for taking the course:
The course will be online unless parameters change in terms of the pandemic. Students will participate by video conferencing. For these students will need a stable, higher-speed Internet connection and a computer with webcam and microphone, and/or a smart device with these features.

A way to determine Internet connection and speed: there are online tests, such as Speedtest, https://www.speedtest.net/

There will be no in-class interactions or activities on campus unless pandemic parameters change and York U allows in person classes.

Organization of the course:

Classes will be online on Tuesdays from 11:30 am to 1 pm.

I have prepared a series of introductory notes outlining the equipment you need for the course and a series of instructional videos for the rhythms we will be learning. I will either be sending these to you or posting on a
site that you will be able to access. All students will learn all the parts to all the rhythms. Due to audio limitations of all the video conferencing platforms the class will not be able to play together in real time. However you will be able to hear me play a phrase and we’ll both be able to hear if you can play it correctly. Since this might take up a lot of class time I will be asking you to send me videos playing various parts so I can determine your understanding of the repertoire.

You will have access to all the video and audio resources needed. The rhythms, the songs, the lyrics and the dances.
