COURSE CALENDAR DESCRIPTION

This course allows students to develop a significant piece of software utilizing all the skills they have acquired so far. This includes requirement elicitation, system specification, implementation, testing, deployment, and user documentation. Two lecture hours and two laboratory hours per week. One term. Three credits. Prerequisites: General Prerequisite; LE/EECS 1030 3.00 or LE/EECS 2030 3.00. (NOTE: The General Prerequisite is a cumulative GPA of 4.50 or better over all major EECS courses. EECS courses with the second digit "5" are not major courses.)
