

New Student Enrolment

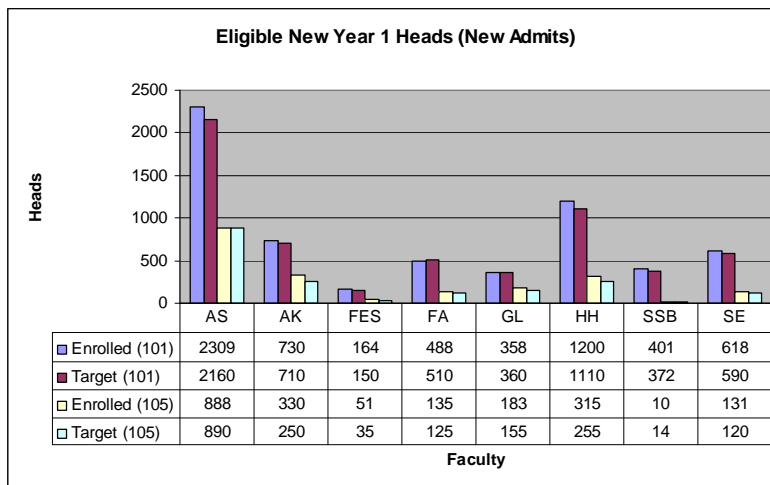

Sheila Embleton, Vice-President Academic
Senate
September 25, 2008

- Undergraduate admissions are healthy
- Retention of undergraduate continuing/returning students is a concern
- Intakes into graduate programs are below target

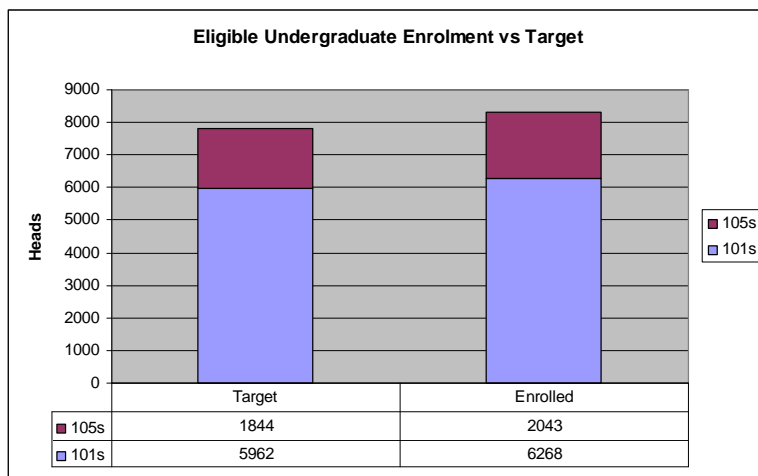

- Eligible student intake:
 - 5% above our 101 target
 - 11% above our 105 Year 1 target
 - 2% above our 105 Upper Year target
- Visa/Ineligible student intake:
 - Year 1 - 17% above target
 - Upper Year - 26% above target

Undergraduate 101 and 105 Admits by Faculty

4

Total Undergraduate 101 and 105 Admissions

5

- At the Master's level we are facing increased competition within Ontario.
- At the Doctoral level, in most programs in Arts we are doing well.
- Intense competition for domestic students across Canada in the sciences is a problem at the Master's level, and is magnified at the Doctoral level.

Eligible Graduate Student Intake

Fall 2008 - Eligible Graduate Enrolment Intake
