Course Description: see Departmental Calendar

Procedures: Classes will meet for lectures of approximately 2.5 hours. The balance of the sessions will comprise informal discussions or tutorials. Tutorials are designed to supplement various topical areas and will provide additional opportunities for questions and discussion. Students are advised to read assigned materials and prepare questions concerning problematic material in advance of the tutorials. The TA will also be available for individual consultation by appointment.

Evaluation: Evaluation is based on 2 written assignments, one midterm exam and a final exam with the following weightings:  
Assignment 1 10%  
Assignment 2 15%  
Midterm 35%  
Final Exam 40%

Exams will be non-overlapping in terms of course material and will consist of multiple-choice items based on the text material, lectures and tutorial presentations. Students who miss any of these evaluations must notify the TA within 24 hours to present their reasons. It is solely up to the student to make arrangements for missed exams. ***It is expected that students will consult the Guidelines for Missed Tests and Exams posted on the departmental website (www.yorku.ca/health/psyc) for information on outstanding course requirements. Opportunities to write makeup tests will be provided only to those students with legitimate reasons (as outlined on website) and appropriate supporting documentation. Make-up tests will consist of short answer and multiple choice items.

Grading: The grading scheme for this course will conform to the 9-point grading system outlined in the York University Undergraduate Calendar. With increasing frequency, students have requested grade adjustments at the end of term, in service of enhancing their GPA standings. Grade adjustments, when warranted, will be applied to ALL students in the class, rather than on an individual basis. This practice is designed to ensure fairness. Students are welcome to go over all tests with the TA individually.

Information on Academic Honesty, Student Conduct Standards, Religious Observance Accommodation and Accommodations for Students With Disabilities: It is also expected that students are familiar with the Senate Committee on Curriculum & Academic Standards web page: (http://www.yorku.ca/secretariat/senate_cte_main_pages/ccas.htm). Information on plagiarism, cheating and other forms of academic dishonesty is provided in the Department of Psychology Supplemental Calendar and the York University Academic Integrity web site: (http://www.yorku.ca/secretariat/policies/document.php?document=69)
