**Department of Psychology, Faculty of Health**  
**Quantitative Methods**

The Department of Psychology invites applications for a full-time tenure-stream appointment in 'Quantitative Methodology for Psychological Research' at the Assistant Professor level to commence July 1, 2012.

The successful candidate will have a PhD in Psychology, specializing in quantitative methods. Applicants should have an ongoing program of research and specialize in one or more of the following areas: multilevel/hierarchical modeling, methods for brain imaging data, structural equation modeling, measurement (e.g., item response theory), non-parametric or robust methods, or methods for longitudinal data. In addition to joining the existing quantitative faculty in the department's recently formed 'Quantitative Methods' area, the successful candidate will also have opportunities to collaborate with researchers in one or more of the department's six other areas, namely 'Brain, Behaviour and Cognitive Science', 'Clinical', 'Clinical-Developmental', 'Developmental and Cognitive Processes', 'History and Theory', and 'Social-Personality'. Candidates should show excellence or promise of excellence in teaching and in scholarly research and publication. The successful candidate must be suitable for prompt appointment to the Faculty of Graduate Studies.

A letter of application with an up-to-date curriculum vitae, a statement of research and teaching interests, three reprints or preprints, three letters of reference and teaching evaluations (if available) should be sent by October 15, 2011 to: Chair, Quantitative Methods Search Committee, 296 Behavioural Sciences Building, Department of Psychology, York University, Toronto, ON, M3J 1P3 or by email to [psychair@yorku.ca](mailto:psychair@yorku.ca).
