

**WORKPLACE HEALTH & SAFETY
COORDINATOR
(CULTURE OF WORKLIFE SAFETY)**

Sunrise Health Region has an opening for a Permanent Full-time Workplace Health & Safety Coordinator (Culture of Worklife Safety) in Human Resources, based in Yorkton, Saskatchewan.

Job Summary:

Under the direction of the Manager, Employee Services, the Workplace Health & Safety Coordinator (Culture of Worklife Safety) is accountable for developing, implementing, and evaluating a comprehensive range of employee health and safety programs and services to meet the goals and legal obligations of the Sunrise Health Region.

These functions will include, but may not be limited to, the assessment, facilitation, and evaluation of an extensive injury prevention program, Workers' Compensation claims management, environmental safety, occupational health and safety, employee and family wellness, policy development/implementation and consultation. The incumbent, in collaboration with other members of the Human Resources team, will be actively involved in the Occupational Health & Safety activities throughout the Sunrise Health Region.

Qualifications/Experience:

- Undergraduate Degree/Diploma in a related health discipline or Occupational Health and Safety is required
- Formal training in workers compensation claims management is an asset
- An equivalent combination of education and experience may be considered
- One (1) to three (3) years of experience working in a healthcare setting
- Recent experience in developing, implementing and evaluating occupational health & safety programs
- Working knowledge of applicable legislation (OHS, WCB, Labor Standards, Human Rights)
- Knowledge of applicable Collective Agreements (SUN, CUPE, HSAS)
- Eligible for registration with appropriate professional association where applicable

Salary and benefits in accordance with Out-of-Scope Compensation Plan.

Our thanks is extended to all applicants; however, only those selected for an interview will be contacted.
