

Explore the Planets!

A hands-on science-driven space exploration event hosted by York University Professor and NASA/CSA Curiosity Rover Scientist John E. Moores for grade 11 and 12 students

Meet and learn from experts who have been there! The event is led by six current and past members of NASA and ESA Science Operations Teams.

Participate! Students at the event will take on roles in a mission control simulation to demonstrate how we explore other worlds. **Register Early! Event limit: 30 students.**

Saturday, May 27

from 9:30 AM to 3:30 PM

FREE Event with

Lunch and Snacks Provided!

Bergeron Centre, Room 211

York University Keele Campus
