

Seminar - Introduction to Course

For those who are not able to access Moodle and would like to get a clearer sense of the course before making the decision to enroll, a selection of information can be found on my course website, <http://www.yorku.ca/srowley/indexmain>.

Introduction to Course

Discuss Syllabus & Class Business

* please always bring a writing implement and a few sheets of paper to class

Discussion Questions

- What do I want everyone in the class to know about me?

- What do I want to learn in the class?

- What is a place - imaginary or in the material

world - that stands out in my thoughts in a positive way, and why?

* Keep your work so that you can add to it, if something else comes to

mind, and keep bringing it to class for the next few weeks because we will revisit #3 at some point in the next week or so, and then again with #2 at the end of October or early November.

Note: Course Kit will not be available until @ Sept. 24 so the required materials have been posted temporarily on Moodle.
