

# ZERO WASTE

Join York University's **waste-reduction** initiative.

## You can help by adopting these practices:

- **Dispose of your organics into the NEW organic bin located in all kitchenettes.**  
o Organics should not go in your office waste bin.
- **Empty your office recycling and waste bins into centrally-located tri-bins.**  
o Office waste/recycle bins will no longer be serviced.
- **Make sure all of your waste is placed in appropriate tri-bins.**
  - o **Mixed Paper Products:** Newspaper, office paper, magazines, cardboard, brown paper towel, sticky-notes, clips/staples are acceptable.
  - o **Mixed Bottles/Cans (other minor plastics):** Plastic/glass/metal bottles/cans, milk/juice cartons, aluminum foil. Please empty out any liquid before placing in bin.
  - o **Organics in kitchenette:** Food, meat, paper napkins (biodegradable), Kleenex, banana peels, apple cores, etc.
  - o **Waste:** Wrappers, packaging, paper coffee cups, anything with food residue or does not belong in above bins.
- **Bring a waste-less lunch (using reusable containers and use a coffee mug).**
- **Take advantage of York's recycling options**  
<http://www.yorku.ca/csbo/groundsfleetwaste/index.html>
- **Make arrangements for other products to be recycled such as EWASTE and furniture.**
- **Break down CARDBOARD and bring to your loading area for deposit into the designated cardboard bin.**
- **Photocopy and print 2-sided.**

Our collective effort can result in a more sustainable York by diverting an additional 200+ metric tons annually and achieving our goal of 65% recycled waste by 2013.
