

## APPENDIX: HOW TO RESTART IN-PERSON RESEARCH

Campus access approval does not constitute approval to proceed with in-person research, nor does previous ethics approval alone. The following additional institutional approval/permissions must also be obtained prior to the commencement of any in person research activity:

### A. ON CAMPUS RESEARCH

To restart in-person human research using campus resources (any on campus space such as a lab, classroom office etc.) the following is required:

1. [Access permit from applicable Associate Dean of Research](#)
2. Current applicable Ethics Certificate (HPRC/ACC), [Checklist](#)<sup>1</sup> and Health and Safety Plan: Confirmation from [ORE](#)
3. Current approved Biosafety Permit (If applicable): Confirmation from [ORE](#)
4. [Health and Safety Guidelines for Returning to Campus during the COVID-19 Pandemic](#)

### B. OFF CAMPUS RESEARCH

To restart in-person human research conducted off campus, the following requirements must be met:

1. Current applicable Ethics Certificate (HPRC/ACC), [Checklist](#)<sup>2</sup> and Health and Safety Plan: Confirmation from [ORE](#)
2. Current approved Biosafety Permit (If applicable): Confirmation from [ORE](#)
3. Applicable site-specific approvals (where relevant)
4. [Health and Safety Guidelines for Returning To Campus during the COVID-19 Pandemic](#)

### C. FIELD RESEARCH

To restart in-person human research conducted in the field, the following requirements must be met:

1. Current applicable Ethics Certificate/Permit [Checklist](#)<sup>3</sup> and Health and Safety Plan : Confirmation from [ORE](#)
2. Applicable site specific approvals (where relevant) – Specific to any geographic location requirements
3. [Health and Safety Guidelines for Returning To Campus during the COVID-19 Pandemic](#)

---

<sup>1</sup> Checklist – refers to the [ADDENDUM “Checklist: In-Person Research with Human Participants”](#)
