Meet Your Zoom Moderators & MCs!
“York University recognizes that many Indigenous Nations have long standing relationships with the territories upon which York University campuses are located that precede the establishment of York University. York University acknowledges its presence on the traditional territory of many Indigenous Nations. The area known as Tkaronto has been care taken by the Anishinabek Nation, the Haudenosaunee Confederacy, and the Huron-Wendat. It is now home to many First Nation, Inuit and Métis communities. We acknowledge the current treaty holders, the Mississaugas of the Credit First Nation. This territory is subject of the Dish with One Spoon Wampum Belt Covenant, an agreement to peaceably share and care for the Great Lakes region.”

Addressing Discrimination

The success of our students depends on our collective willingness and ability to listen, to be kind, to look after ourselves and each other, to work together, and to lead with **Respect, Equity, Diversity and Inclusion**. We do not condone or tolerate racism, prejudice or discrimination at Calumet & Stong Colleges. We are committed to supporting our Peer Leaders and Student Organizations and our York and CCSC community to stop anti-Black racism and systemic discrimination of all kinds. We will also collaborate with others to strengthen our student success programming to help our Colleges and students foster a just and fair world. Academic Honesty
"Academic honesty requires that persons do not falsely claim credit for the ideas, writing or other intellectual property of others, either by presenting such works as their own or through impersonation. Similarly, academic honesty requires that persons do not cheat (attempt to gain an improper advantage in an academic evaluation), nor attempt or actually alter, suppress, falsify or fabricate any research data or results, official academic record, application or document."
IT'S NOT JUST PLAGIARISM

The offering for sale of, buying of, and attempting to sell or buy test banks (banks of test questions and/or answers), or any course specific test questions/answers is not permitted in the Faculty of Health. Any student found to be doing this may be considered to have breached the Senate Policy on Academic Honesty. In particular, buying and attempting to sell banks of test questions and/or answers may be considered as “Cheating in an attempt to gain an improper advantage in an academic evaluation” (article 2.1.1 from the Senate Policy) and/or “encouraging, enabling or causing others” (article 2.1.10 from the Senate Policy) to cheat.

Refer to your E-Class website for course materials and announcements. Avoid using websites not approved by York, WhatsApp groups or social media sites to get course information, as these sources may violate York’s academic integrity guidelines, and all users could be penalized.

Goal Setting & Planning

Create A Vision
Think BIG about your passions and virtues, then outline a vision of what inspires you and what you aspire to be at the end of your work and personal life.

Set S.M.A.R.T. Goals
Set Specific, Measurable, Assignable, Realistic, and Time-related goals; Be as detailed and concise as possible. By using the S.M.A.R.T method (George T. Doran), you can maximize achievability through accountability and a sense of direction.

Develop Habits & Skills
To achieve your BIG vision, you must think small: Break down your goals into smaller, challenging steps so you can focus on them without becoming overwhelmed. Think of specific actions you can take to learn and achieve your goals.

What skills do I have?

What skills do I aim to develop?

What resources can help me achieve my goals?

Take action!
