Addressing Discrimination

The success of our students depends on our collective willingness and ability to listen, to be kind, to look after ourselves and each other, to work together, and to lead with **Respect, Equity, Diversity and Inclusion**. We do not condone or tolerate racism, prejudice or discrimination at Calumet & Stong Colleges. We are committed to supporting our Peer Leaders and Student Organizations and our York and CCSC community to stop anti-Black racism and systemic discrimination of all kinds. We will also collaborate with others to strengthen our student success programming to help our Colleges and students foster a just and fair world. For more information and to connect with us, visit: [https://calumet.yorku.ca/supporting-students-online/#squelch-taas-toggle-shortcode-content-1](https://calumet.yorku.ca/supporting-students-online/#squelch-taas-toggle-shortcode-content-1) or email scchelp@yorku.ca.
ACADEMIC HONESTY
"Academic honesty requires that persons do not falsely claim credit for the ideas, writing or other intellectual property of others, either by presenting such works as their own or through impersonation. Similarly, academic honesty requires that persons do not cheat (attempt to gain an improper advantage in an academic evaluation), nor attempt or actually alter, suppress, falsify or fabricate any research data or results, official academic record, application or document."
IT'S NOT JUST PLAGIARISM!

The offering for sale of, buying of, and attempting to sell or buy test banks (banks of test questions and/or answers), or any course specific test questions/answers is not permitted in the Faculty of Health. Any student found to be doing this may be considered to have breached the Senate Policy on Academic Honesty. In particular, buying and attempting to sell banks of test questions and/or answers may be considered as “Cheating in an attempt to gain an improper advantage in an academic evaluation” (article 2.1.1 from the Senate Policy) and/or “encouraging, enabling or causing others” (article 2.1.10 from the Senate Policy) to cheat.

Refer to your E-Class website for course materials and announcements. Avoid using websites not approved by York, WhatsApp groups or social media sites to get course information, as these sources may violate York’s academic integrity guidelines, and all users could be penalized.

- Student-led association that collaborates with SoN and CCSC to assist incoming and current Second-Entry, Collaborative and IEN students

- Four committees:
  - Peer Mentoring
  - Peer Tutoring
  - Lab Facilitation
  - Student Ambassadors
In collaboration with Calumet and Stong Colleges, Peer Mentors provide support to new nursing students through “intentional matching”.

- In collaboration with Calumet & Stong Colleges, they will be providing support to nursing students who need academic help with specific courses that we offer during the semester.
In Collaboration with the Nursing Simulation Center (NSC) and the guidance of Dr. Nicholson, Lab Facilitators guide nursing students in perfecting their nursing skills through lab sessions
