

BPM 2026 | Sunday, 27 September 2026

Doctoral Consortium - Times shown are published start times

Time	Private dining room	X110	X109
09:00	Doctoral Consortium — Opening & Pitches Private dining room (Room 1)		
09:45	DC presentation 375 Between Automation and Augmentation: Utilizing Business Process Management to Ensure Operational Support Alexander Skolik Mentors: Pnina, Shazia	Group and mentors join the private dining room	DC presentation 405 Mining For Meaning: Formalization and Implementation of Ontology-Driven Process Mining Riley Moher Mentors: Andrea, Matthias, Sander
10:30	Coffee Break		
11:00	DC presentation 406 Understanding and Improving Directly-Follows Graphs: The Cognitive Perspective Marie-Christin Häge Mentors: Pnina, Shazia	DC presentation 383 A Better Workday: Actor-Centric Business Process Management Kelly Kurowski Mentors: Jana, Marco	DC presentation 415 Multi-Dimensional Decision Mining: Discovering Decision Rules in Object-Centric Event Logs Erfan Elhami Mentors: Andrea, Matthias, Sander
11:45	DC presentation 411 Generative AI Agent Governance in Business Processes Hoang Vu Mentors: Pnina, Shazia	DC presentation 408 Improving Time-related Predictions in Predictive Process Monitoring Through Contextual Feature Engineering Maximilian Vouk Mentors: Jana, Marco	DC presentation 410 Combining Object Type Level and Workflow Level Object-Centric Process Models Lukas Liss Mentors: Andrea, Matthias, Sander
12:30	Lunch Break Main dining room		
14:00	DC presentation 356 How Resilience Emerges and Evolves in Business Process Management Systems: A Process Theory of Disruption, Recovery, and Learning Michael Barg Mentors: Pnina, Shazia	DC presentation 412 By-Design Approach for Business Process Compliance through AI Sara Giovannetti Mentors: Jana, Marco	DC presentation 403 Analyzing Continuous Process Dynamics for Comprehensive Process Mining Sana Dodangeh Mentors: Andrea, Matthias, Sander
14:45	DC presentation 357 Investigating the Value of Predictive Process Monitoring in Manufacturing Supply Chains Thanh Phan Mentors: Pnina, Shazia	DC presentation 414 Process Mining by Design for Low-Code Application Platform Cassio Alexandre Pereira de Castro Mentors: Jana, Marco	DC presentation 407 Understanding Process Dynamics in Digitized Processes: Foundational Methods and Theory Development Lennart Ebert Mentors: Andrea, Matthias, Sander
15:30	Coffee Break		
16:00	Panel Discussion Pnina, Shazia, Matthias Private dining room (Room 1)		
17:00	Closing & Feedback Private dining room (Room 1)		
17:30	End of Doctoral Consortium Private dining room (Room 1)		
17:30	Doctoral Consortium Dinner Main dining room
