Subject: Modified Service Delivery - Finance

In light of recent events surrounding COVID-19 and the modification of University activities and service delivery, Finance is providing an update as to how our departments will continue to function.

A reminder that Finance staff will largely be located off-site and can be contacted via their York University email address.

Please understand that in some cases there may be delays in service, particularly over the early days of transition to remote service delivery.

This memo contains information for the following departments:

- Accounts Payable
- Budgets and Planning
- Expense Desk and Non-Employee Travel
- Financial Reporting
- General Accounting
- Procurement Services
- Research Accounting
- Risk Management Services
- Treasury
Accounts Payable

Payment Schedules
- Modified payment schedules will begin as of March 20, 2020.
- Employees and vendors are encouraged to enrol in direct deposit. Employees and vendors who enrol in direct deposit should expect a callback for verification. Please use the following direct deposit applications:
  - Application for Employee Direct Deposit
  - Application for Vendor Direct Deposit
- Students are encouraged to enrol in direct deposit through your student account.

Invoices for Payment
- Where possible, payment should be made by Pcard. For more information on Pcards, please refer to the Procurement Services website.
- For faster payment, please use Vendors of Record or existing vendors (ex. Vendors that have been used and paid by the University in the past). Allow additional processing time for new vendors that will require qualification.
- Invoices that cannot be paid by Pcard are to be sent to acctpay@yorku.ca. To ensure faster processing, please follow the instructions below:

  1. Combine all supporting documents into a single (1) PDF document.
  2. Include the approved payment requisition (CAD or USD)/request for wire/draft (International) or signed receiving copy of the purchase order.
  3. Please include the vendor name and invoice number in the subject line of the email.
  4. Only invoices from @yorku.ca email addresses will be accepted.
  5. Do not send paper copies of invoices to Finance as this will increase the risk of duplicate payment. Originals should be retained by departments.
  6. Only invoices are to be sent to acctpay@yorku.ca. No vendor or community enquiries should be sent to this email. Please direct enquiries to the appropriate accounts payable clerks:

Budgets and Planning

Budget Journals and Enquiries
- Budget journals and enquiries will be processed as per usual.
- Please send requests for new cost centres, changes to cost centres, other enquiries to – budgets@yorku.ca.
- Please send requests for budget journals to – budjrmls@yorku.ca.

Allocating funds to Faculties/departments
- Many of the allocations for fiscal 2019-20 have been completed, e.g. base budgets, salary increments, student referenda, etc.
- Remaining allocations can continue remotely, e.g. TSA, York/Sheridan Design, and year-end adjustments to SHARP budget envelopes.

Multi-year budgets
- Most Faculties and departments have not uploaded their multi-year budgets and Finance cannot proceed with compiling the University consolidated plan until they have been uploaded and approved. We understand that there will be some delay in finalizing budgets, but would appreciate the community’s co-operation in finalizing budgets.

Year-end true-ups
- True-ups for Faculties for fiscal 2019-20 will continue remotely, but they are dependent on the year-end close process and more information will be forthcoming as year end approaches.

- Invoices for agents and contacts will continue to be generated and sent to sub grantee, industry partners etc.

- Journal entries will be reviewed daily and if no issues are found, will be processed within 2-3 working days.

- Please email resacct@yorku.ca with any questions.
- Form 300’s will be sent to Principal Investigators in April for approval for subsequent submission to Tri Agencies.

Non Tri Agency Reporting
- In most cases, Non Tri Agency financial reports will be completed by due dates providing that Principal Investigators and support staff provide Research Accounting with the necessary information (including in kind contribution information) that is required.

Advances
- Advances to subgrantees, and clearing of advance forms (with signed approvals and signed agreement attached) can be emailed to resacct@yorku.ca instead of using the interoffice mail. Any items sent by interoffice mail will likely result in delays.

PER Allocation
- Given the volume and interdependency with Faculty Relations there may be some delay in allocating PER’s amounts for both active and new faculty.

- Please also refer to the Risk Management Services website (www.yorku.ca/riskmanagement) for more information on services offered.

The BMO branch at 4800 Dufferin Street (Dufferin St. and Supertest Rd.) is the closest area branch that remains open at this time.
- Garda service will continue for required services during this period, and there will be no disruption in the management of cash, liquidity and investments.
- Treasury staff, either virtually or in the Finance office, will continue to respond to enquiries in a timely manner.
