BA Economics
Certificate in Law and Social Thought
Outstanding Contribution Award

"At Glendon, I found a community that works for the common good and that leaves none of its members behind. I've discovered this through my interactions with students, professors and members of the administration. Interactions that were facilitated by the small size of the campus and the classrooms."

Moboluwajidide Joseph

Nigeria 

BA Communications
Robert Everett Exceptional Leadership in Student Governance Award
Alumni Golden GRADitude Award

"One of the reasons I wanted to go to university was to discover myself and figure out who I was, what my values and principles were and how these coincided with my goals and ambitions. Glendon created space for me to do that." As the previous national executive representative for the Canadian Federation of Students' Black Caucus, Moboluwajidide has been a key voice in student-led and centered responses to anti-black racism framework development processes and lobbying efforts.

BA Communications

"I have found Glendon's community to be incredibly welcoming and inclusive."

Learn by doing!

Experiential Education is the application of what you learn in the classroom to solve a real-life problem. It can take the form of a work placement, an internship, volunteering for an organization, among others. Employers look at your degree, but they also look at the skills you have gained in every year of your program.

Get a work placement opportunity, in any of our programs

Gain valuable professional experience by completing a credited work placement with our exclusive partners.

- FIRST YEAR EXAMPLE**
Enhance your learning through a **field trip** at the Don Valley Brick Works Park, focusing on ecological restoration and green infrastructures.
- SECOND YEAR EXAMPLE**
Participate in a **community-based work experience** with a cultural organisation in Toronto.
- THIRD YEAR EXAMPLE**
Simulate the challenges faced by professional data scientists and confidently tackle them with **high tech tools like Python programming and machine learning**.
- FOURTH YEAR EXAMPLE**
Complete a professional work placement to gain professional experience in your discipline like a **paid digital marketing placement** with the Canadian Film Centre.

In Toronto or abroad, the choice is yours

We have over 100 active partners for work placements in Toronto and around the world, including Amnesty International, the Aga Khan Museum, the Ontario Public Service and Consulate General of France in Toronto and Los Angeles.
