Professor Gamal Abdel-Shehid  
Social & Political Thought  
Ross Building, 711

Dear Gamal Abdel-Shehid,

I am writing in support of the your program's plans to create a three-credit compulsory course for your MA program. The new course responds to the changes in the degree length from a two-year MA program to a one MA year program and was discussed and confirmed at this year's LA&PS curriculum planning meeting with your program.

In short, I can confirm that the Office of the Dean, Faculty of Liberal Arts and Professional Studies has been consulted on these changes and we are happy to see you proceeding with them.

Sincerely,

A handwritten signature in blue ink, appearing to read "Sandra Whitworth".
