

Biotechnology

Diploma

The Graduate Diploma in Biotechnology addresses an unfilled need in the Canadian Biotechnology Industry. Throughout the COVID-19 pandemic, enormous stress has been put on Canadian society, and the biotechnology industry has been leaned on heavily to bring forward high-value strategies and pharmaceutical options with many job openings remaining unfilled. The Graduate Diploma in Biotechnology is designed to increase the available pool of trained talent for the biotechnology industry and to strengthen the biotechnology ecosystem.

Details of Degree

- Coursework Only, (8 months)

Our Diverse Approach

- Industry-informed Curriculum
- Industry-context Laboratory Training
- Interactions with Biotechnology Professionals
