Examining Committee

A thesis examining committee shall consist of at least three voting members, including the Chair, as follows:

- a. two graduate faculty members chosen from the program and/or supervisory committee, at least one of whom must be from the supervisory committee;
- b. one graduate faculty member at arm's length from the thesis, and normally from outside the program.

The Chair of the examining committee shall be chosen from among the voting members. Members of the student's thesis supervisory committee may be members of the examining committee, but the principal supervisor may not serve as the Chair of the examining committee. These are minimum requirements with respect to the composition of and quorum for thesis examining committees. Individual graduate programs may include one additional voting member on examining committees, in accordance with program requirements and procedures. If the Chair is also the Internal Member or Member 3, please list in both sections.

In exceptional circumstances, the Dean may approve a program director's recommendation that a York University faculty member who is not a member of the graduate faculty serve as a member (but not the Chair) of an examining committee. Such recommendations are to be accompanied by a brief rationale and an up-to-date curriculum vitae, which may be attached to the Recommendation for Oral Examination Form.

* If the Chair is also the Internal Member or Member 3, please list in both sections.
