Note: This is a course that depends on remote teaching and learning. There will be no in-class interactions or activities on campus.

This course have synchronous remote learning. Our class will meet through a Zoom meeting with the instructor teaching various steps and dances. Attendance is required. Links to online videos will be available on the course eClass page.

Students may request individual Zoom appointments with the instructor when needed.

Technical Requirements: In order to fully participate in this course, students require a higher-speed, stable internet connection, a computer with a webcam and microphone, and/or a smart device with these features. The equipment, such as a computer or smart device, must be able to video record. Students will be participating through video conferencing, which will be recorded and posted on the course eClass page. Students are asked to show themselves on video during class. It is preferred if students keep their video on for the whole class, so the instructor is able to offer suggestions and encouragement on movement acquisition.

Students must make every effort to arrange adequate internet connection, especially for tests and exams. If a student has any specific concerns about their internet connection, they should seek all available options for completing their exam in a location with a stable internet connection. In the event that a student is not confident they can access a reliable internet connection, they should communicate their concerns to their instructor well in advance of the test/exam.

Additionally, participants need an area where they can move freely, without obstructions. Ideally, the floor should be a hard surface.

Students shall note the following:

- Zoom is hosted on servers in the U.S. This includes recordings done through Zoom.
- If you have privacy concerns about your data, provide only your first name or a nickname when you join a session.
- The system is configured in a way that all participants are automatically notified when a session is being recorded. In other words, a session cannot be recorded without you knowing about it.

Technology requirements and FAQs for eClass can be found here – <https://lthelp.yorku.ca/95440-student-faq>

A way to determine Internet connection and speed: there are online tests, such as Speedtest, <https://www.speedtest.net/> that can be run.

GRADING, ASSIGNMENT SUBMISSION

Attendance

Students are expected to attend synchronous classes. Students are to mark their attendance at the start of every synchronous Zoom session. If students arrive late, they should mark themselves as late.

Students are expected to participate in every class. After one absence, a student's participation mark may be penalized. Early departures are treated as a late and can result in a grade deduction. If a student attends a class for less than 20% of that class, it is considered an absence. Students will not receive a grade deduction for medical reasons and/or University approved reasons for absences (religious accommodations, compassionate grounds, etc.). Students must attend 80% of the course or a failing grade will result.

Grading Scheme

The grading scheme for the course is A, B, C, Pass, and Fail (e.g. A = 80 to 100%, B = 70 to 79%, C = 60 to 69%, F = below 59%). Assignments and tests will bear either a letter grade designation or a corresponding number grade. For a full description of York grading system see the York University Undergraduate Calendar.

<http://calendars.students.yorku.ca>

Students may take a limited number of courses for degree credit on an ungraded (pass/fail) basis. For full information on this option see Alternative Grading Option in the Faculty of Health section of the Undergraduate Calendar.

Be sure to share with the Course Director any changes in your injury or health that may impact your participation. Students are strongly encouraged to work within their own physical limits and to modify exercises so they can perform them without pain or undue strain. In such cases, tests may be rescheduled and/or alternate arrangements may be made on an individual basis. Further extensions or accommodation will require students to submit a formal petition to the Faculty.
