Attendance:

To encourage (and reward) perfect attendance, I will take roll every class. It is students' responsibility to ensure that their name is signed on the class attendance sheet. Students with *perfect* class attendance (i.e., NO absences for any reason whatsoever) will receive 3% on top of their final grade. Please note that 2 instances of being late are equivalent to one absence.

Failure to attend any of the PRESENTATION DAYS will result in 3% penalty.

Appropriate documentation verifying the circumstances for the missed meeting or test must be provided prior to or at the time specified by the instructor. Failure to provide appropriate documentation will result in a grade of 0 on the missed test.

A. Missed meetings on the grounds of medical circumstances must be supported by the [Attending Physician's Statement](#). This is the ONLY form of medical documentation acceptable in this course. A "doctor's note" is NOT sufficient.

B. Missed meetings/tests on grounds of non-medical circumstances must be supported by appropriate documentation, i.e., death certificates, obituary notice, automobile accident reports, airline/train/bus tickets/receipt for emergency travel, etc.

Assignment Submission:

Students are responsible for keeping a copy (electronic or photocopy) of all the submitted work and a proof of submission. Late work will lose 10% for the first day and 5% for any subsequent day (out of its total value) per working day late.

Presentation: Students are required to prepare their PowerPoint presentation 10 days in advance of their scheduled presentation day and schedule a phone/meeting with the instructor. A failure to meet this deadline will result with a penalty of 10% for the first day and 5% for any subsequent day per working day late. The final paper deadline: 4 weeks following the presentation.
