1. Demonstrate in-depth knowledge in personality theory and behaviour disorders.
2. Critically evaluate, synthesize and resolve conflicting results in personality theory and behaviour disorders.
3. Articulate trends in personality theory and behaviour disorders.
4. Locate research articles and show critical thinking about research findings in personality theory and behaviour disorders.
5. Express psychological knowledge in written form in more than 1 sub-discipline.
6. Engage in evidence-based dialogue with course director and peers.
