IMPORTANT NOTE:

This document contains two sections. Section I contains information compiled and disseminated by the Department of Psychology. All rules, regulations, and procedures in Section I apply to and will be strictly enforced in this PSYC2130 section. Section II contains information specific to PSYC2130 sections taught by K. Phillips.

SECTION I: DEPARTMENTAL COURSE OUTLINE

Course Prerequisite(s): Course prerequisites are strictly enforced.
*HH/PSYC 1010 6.00 (Introduction to Psychology), with a minimum grade of C.

Course Credit Exclusions
Please refer to York Courses Website for a listing of any course credit exclusions.

Course website: eClass (formerly Moodle) https://eclass.yorku.ca/course/view.php?id=74016

Program Learning Outcomes:
Upon completion of this course, students should be able to:
1. Demonstrate broad knowledge of psychological determinants of personality.
2. Describe and evaluate current theory and research in personality psychology.
3. Understand and interpret principles of personality psychology in everyday life.
4. Define causes of human personality from different perspectives.

Grading as per Senate Policy
The grading scheme for the course conforms to the 9-point grading system used in undergraduate programs at York (e.g., A+ = 9, A = 8, B+ - 7, C+ = 5, etc.). Assignments and tests will bear either a letter grade designation or a corresponding number grade (e.g. A+ = 90 to 100, A = 80 to 90, B+ = 75 to 79, etc.)

For a full description of York grading system see the following:
https://calendars.students.yorku.ca/2022-2023/grades-and-grading-schemes

Late Work/Missed Tests or Exams
For any missed tests or late assignments, students MUST complete the following online form which will be received and reviewed in the Psychology undergraduate office. Reason(s) for missing an evaluated component in the course must be provided.

HH PSYC: Missed Tests/Exams Form. Failure to complete the form within 48 hours of the original deadline will result in a grade of zero for the test/assignment.

****Make- up opportunities will be provided ONLY FOR THE FINAL EXAM (not missed midterms). See Section II for specific policies in PSYC2130 taught by K. Phillips.

There are deadlines for adding and dropping courses, both academic and financial. Since, for the most part, the dates are different, be sure to read the information carefully so that you understand the differences between the sessional dates below and the Refund Tables.

You are strongly advised to pay close attention to the "Last date to enrol without permission of course instructor" deadlines. These deadlines represent the last date students have unrestricted access to the registration and enrolment system.

After that date, you must contact the professor/department offering the course to arrange permission.

You can drop courses using the registration and enrolment system up until the last date to drop a course without receiving a grade (drop deadline). You may withdraw from a course using the registration and enrolment system after the drop deadline until the last day of class for the term associated with the course. When you withdraw from a course, the course remains on your transcript without a grade and is notated as 'W'. The withdrawal will not affect your grade point average or count towards the credits required for your degree.

Academic Integrity for Students

York university takes academic integrity very seriously, please familiarize yourself with Information about the Senate Policy on Academic Honesty

It is recommended that you review Academic Integrity by completing the SPARK Academic Integrity modules.

Electronic Device Policy

Midterm tests and the Final Exam will be delivered online. It is expected that you will complete tests/exams in a manner that does not require consulting an unauthorised source during an examination unless the tests/exams are open-book.

Test Banks:

The offering for sale of, buying of, and attempting to sell or buy test banks (banks of test questions and/or answers), or any course specific test questions/answers is not permitted in the Faculty of Health. Any student found to be doing this may be considered to have breached the Senate Policy on Academic Honesty. In particular, buying and attempting to sell banks of test questions and/or answers may be considered as “Cheating in an attempt to gain an improper advantage in an academic evaluation” (article 2.1.1 from the Senate Policy) and/or “encouraging, enabling or causing others” (article 2.1.10 from the Senate Policy) to cheat.
Academic Accommodation for Students with Disabilities:

While all individuals are expected to satisfy the requirements of their program of study and to aspire to do so at a level of excellence, the university recognizes that persons with disabilities may require reasonable accommodation to enable them to do so. The university encourages students with disabilities to register with Student Accessibility Services (SAS) to discuss their accommodation needs as early as possible in the term to establish the recommended academic accommodations that will be communicated to Course Directors as necessary. Please let the instructor know as early as possible in the term if you anticipate requiring academic accommodation so that we can discuss how to consider your accommodation needs within the context of this course. Excerpt from Senate Policy on Academic Accommodation for Students with Disabilities

1. Pursuant to its commitment to sustaining an inclusive, equitable community in which all members are treated with respect and dignity, and consistent with applicable accessibility legislation, York University shall make reasonable and appropriate accommodations in order to promote the ability of students with disabilities to fulfill the academic requirements of their programs. This policy aims to eliminate systemic barriers to participation in academic activities by students with disabilities.

All students are expected to satisfy the essential learning outcomes of courses. Accommodations shall be consistent with, support and preserve the academic integrity of the curriculum and the academic standards of courses and programs.

For Further Information please refer to: [York university academic accommodation for students with disabilities policy](https://accessibility.students.yorku.ca/)

SECTION II: COURSE OUTLINE for PSYC2130 (A)

Course Director: K. Phillips, Ph.D.
Teaching Assistants: For students with last names A-L
                      Holly Echlin (echlin@yorku.ca)
                      Rivka Levin (rivka@yorku.ca)

Office Hours: Wednesdays 6-7pm (Zoom)
e-mail: phillips@yorku.ca

Office: 253 BSB

Rm. 253 BSB

Class Time: Wednesdays 7-10 pm VH-C
Office hrs. for TAs and course director will be via Zoom. Zoom link is on eClass

Course Description and Specific Learning Objectives: This course will introduce students to the major theoretical approaches which guide research in the domain of personality psychology. It will provide a comparative analysis and critical evaluation of these approaches through the consideration of topical areas including: the problem of definition; issues in measurement and assessment; and factors which contribute to personality development. Upon completion of this course, students should be able to: articulate the assumptions and tenets of the theoretical models discussed in the course and how they have guided subsequent research, describe the interplay between theory and data within the field of personality psychology, describe the strengths and weaknesses of various theoretical models studied, and demonstrate an informed appreciation of the relevance of personality theories to other sub-disciplines of psychology.

Procedures: Classes will meet for lectures of approximately 2.5 hours. The balance of the sessions will comprise films or tutorials. Tutorials will be conducted by the TAs and will deal mainly with the text material. They will provide an overview of the designated reading followed by questions and discussion. Students are advised to read assigned materials and prepare questions concerning problematic material in advance of the tutorials.

eClass: Lecture outlines will be posted weekly on eClass. Students are advised to check eClass frequently for course announcements.

Evaluation: Midterm 1
            We will take the midterm with the highest mark and it will be weighed 45%
            Midterm 2
            Final Exam: 45%
            Participation: 10%

The Midterm tests and Final Exam will be non-overlapping in terms of course material and will consist of multiple-choice items and T/F items based on the text material, lectures, tutorials and films. The Participation component is based on submitted responses to reflection questions and exercises posted weekly. The deadline for reflection submissions is noon on Thursday following each class (no exceptions).

ALL TESTS AND EXAMS WILL BE DELIVERED ON-LINE to minimize close physical contact between students, contact with exam papers etc.

Missed Tests and Exams: There will be no make up tests for missed midterms. In the event that a midterm is missed, the other midterm will automatically be weighted 45%. Students who miss Midterm 1 waive the right to have graded feedback prior to the drop date. Students who miss both midterms for legitimate reasons, will be required to write a cumulative final exam, the nature of which is determined by the course director. Students who miss the Final Exam must notify the TA within 48 hours to present their reasons. All students must write ****you MUST put the course number in the subject line for all e-mail communications and use your York account****
the final exam. **Opportunities to write a Final Exam make up will be provided only to those students with legitimate reasons.** Deferred final exams are held on a single common date. No individualized testing opportunities will be available.

**Grading:** As noted in Section I, the grading scheme for the course conforms to the 9-point grading system used in undergraduate programs at York.

With increasing frequency, students have requested grade adjustments at the end of term, in service of enhancing their GPA standings. As all multiple choice tests are scored electronically, such requests will not be met. Grade adjustments, when warranted, will be applied to ALL students in the class, rather than on an individual basis. This practice is designed to ensure fairness.
