

Our Social World and Social Minds

The goal of this concentration is to provide students with foundational knowledge and training in the fields of social and personality psychology, with a focus on how knowledge of our social world and social minds can be applied in real world contexts. At the completion of this concentration, students will have a deeper understanding of how theories and methods can be applied to better understand interpersonal relationships, decision making, organizational behaviour, and the law.

Name: _____

Student Number: _____

Students will be required to complete a minimum of 18.0 credits from the courses listed below. Note that PSYC 2120 is required (as it is a course prerequisite for many other courses). The minimum average GPA across all courses counting towards the Concentration is a C+.
