COURSE DESCRIPTION

This course introduces the student to theory, concepts and methods in psychology. A variety of topics will be covered including factors which contribute to the development, structure and dynamics of personality. Psychoanalytic, Trait and Behavioural and Biological approaches will be the main focus. A review of relevant research both within and outside of the field will be undertaken.

PREREQUISITES: Introduction to Psychology: Psych 1010 6.00 with a grade of "C".

REQUIRED TEXT

Liebert & Spieglers (1998) Personality, 8th Edition, Brooks/Cole: ISBN: 05 342641 8

Missed Tests:

If you are unable to write a test for medical reasons or personal crisis, a message must be left with my secretary or teaching assistant no later that 48 hrs after the test. Also, you must provide appropriate documentation such as a medical certificate. A medical certificate will be deemed valid only if it explicitly states that you were incapable of writing the test on the scheduled date. You will NOT be allowed to write a make-up test under any other circumstances. I would advise against writing a test if you are ill because grades will NOT be adjusted after-the-fact to compensate for such circumstances.

Please note that students are responsible for all material assigned and this includes material not covered in class.

CLASSROOM ETIQUETTE

As a courtesy to students and the instructor, please **TURN-OFF AND PUT AWAY ALL CELL PHONES AND OTHER NON-ESSENTIAL COMMUNICATION DEVICES** during the lecture portion of the class. Your cooperation in this matter is essential to the conduct of class. The same applies for exams.

Further, if you arrive to class late, or must leave during class, please exercise **Discretion** by minimizing any disruption to the on-going class. It is requested that you do not walk across the front of the lecture hall and close doors with minimum noise.
