Academic Integrity:

The University has subscribed to the Turnitin services which helps professors identify Internet plagiarism and help students maintain academic integrity. The work submitted by students in this course will be submitted to Turnitin. Students who do not want their work submitted to this plagiarism service must, by the end of the Fall semester, consult the instructor to make alternate arrangements. You are fourth-year honour students. The likelihood is that these matters have been reviewed with you in great detail. However, I expect that each of you have carefully reviewed those materials as available as the academic integrity website of York University: <http://www.yorku.ca/academicintegrity> and have read the section designed specifically FOR STUDENTS.

Missed Tests and Examinations:

The student must contact the course director or the course director's secretary in person or by telephone or e-mail within 48 hours of the test or examination.

Appropriate documentation verifying the circumstances for the missed test or examination must be provided at the time specified by the instructor.

Medical circumstances – tests/exams missed due to medical circumstances must be supported by an attending physician's statement or a statement by a psychologist or counsellor. The physician's statement must include the following:

1. Full name, mailing address, telephone number of the physician;
2. State the nature of the illness and its duration (i.e. specific dates covered); and
3. An indication of whether the illness and/or medication prescribed would have SERIOUSLY affected the student's ability to take the test/exam.

The clinician's office will be contacted to verify that the forms were completed by the identified clinician.

Non-medical circumstances – tests/exams missed due to non-medical circumstance must be supported by appropriate documentation (i.e. death certificate, obituary notice, automobile accident reports, etc.).

Having to work at the time of the test is not considered a valid excuse for missing the test.

The manner in which a missed test is handled will be at the complete discretion of the course director.

For a missed final exam or incomplete course work, you will be required to complete a deferred standing form, which will also include the type of work to be completed (paper/exam) and the date the paper/exam will be completed.

Class Attendance: To be given some credit for class attendance you must attend the classes, come on time and stay for the full class. Student who come by the end of the class, or leave at the break will not get credit for the class.
