

General Education Requirements

These are discussed on the [New Student's page](#). We strongly recommend that you complete your Gen Eds in your 1st year in the program. However, if you have not done this, you **MUST** complete them in your second year (within your first 54 credits). So if this applies to you, be sure to put the missing Gen Eds into your program plan in place of electives. This is very important. It is extremely difficult to get into Gen Ed courses in your 3rd year so this may prevent you from completing your degree.
