**Course Prerequisite(s): Course prerequisites are strictly enforced**

- HH/PSYC 1010 6.00 (Introduction to Psychology), with a minimum grade of C.

**Course Credit Exclusions**

Please refer to [York Courses Website](#) for a listing of any course credit exclusions.

**Course website:** [Moodle](#)

**Course Description**

The purpose of this course is to provide an overview of the fundamental aspects of human behaviour in groups of various sizes (from dyads to entire cultures). The investigation of human behaviour in group situations will be investigated from theoretical, empirical, and applied perspectives. The topics that will be explored include issues of group development, performance, and leadership. The course is designed to engage students with the material experientially through the integration of small group activities with lectures and audiovisual presentations.

**Program Learning Outcomes**

Upon completion of this course, students should be able to:

1. Demonstrate in-depth knowledge of behaviour in groups.
2. Articulate trends in the psychology of behaviour in groups.
3. Express knowledge of behaviour in groups in written form.
4. Describe and explain limits to generalizability of research findings on behaviour in groups.
5. Demonstrate ability to relate information on behaviour in groups to own and others' life experiences.

### Specific Learning Objectives

- Understand the basic characteristics of groups and their function.
- Explain the role measurement, research design, and theory play in the scientific study of groups.
- Understand the basic assumptions of social identity theory (construction of the self through groups).
- Understand the impact of personal and situational factors on group formation.
- Conceptualize the construct of cohesion, as well as contrast between the theories/models of group development
- Explain how power processes influence individual and group performance.
- Compare and contrast trait, situational, and interactionist approaches to leadership

Test #2	March 12, 2019	25%
Research Assignment	March 26, 2019	30%
Final Exam	April 5-20, 2019	30%
Total		100%

### Description of Assignments

Research assignment document can be found on the Moodle course website.

### Grading as per Senate Policy

The grading scheme for the course conforms to the 9-point grading system used in undergraduate programs at York (e.g., A+ = 9, A = 8, B+ = 7, C+ = 5, etc.). Assignments and tests\* will bear either a letter grade designation or a corresponding number grade (e.g. A+ = 90 to 100, A = 80 to 90, B+ = 75 to 79, etc.)

(For a full description of York grading system see the York University Undergraduate Calendar - [Grading Scheme for 2018-19](#))

## **Late Work/Missed Tests or Exams**

Students with a documented reason for missing a course test, such as illness, compassionate grounds, etc., which is confirmed by supporting documentation (Attending Physician Statement which can be found at:

<http://myacademicrecord.students.yorku.ca/pdf/attending-physicians-statement.pdf> may request accommodation from the Course Instructor. Further extensions or accommodation will require students to submit a formal petition to the Faculty.

The student must contact the instructor or TA in-person or by e-mail within 48 hours of the examination. If you are unable to contact the course instructor or TA with 48 hours, subsequent documentation accounting for the delay must be provided.

Tests or examinations missed on the grounds of non-medical circumstances must be supported by appropriate documentation (i.e., death certificates, obituary notice, automobile accident reports, airline/train/bus ticket/receipts with date of booking on ticket, etc.). Airline/train/bus ticket/receipts for emergency travel must indicate destination, departure and return dates.

In the case of a make-up test/exam, the student must be prepared to write within the week following the missed test (a date will be set by the instructor). Although the content to be examined will be the same, the format may or may not follow that of the original test/examination. It is the student's responsibility to check with the instructor, TA, and/or course website as to the date/time of the make-up. A conflict in another course during the time of the make-up is not an acceptable reason for missing the make-up. If a student misses a make-up opportunity for good reasons (see points mentioned above), then either the prorating option is applied, or a second and final opportunity for a make-up will be arranged. Missed make-ups must be supported by appropriate documentation (see points above). Failure to provide appropriate documentation will result in a grade of F on the missed test.

## **Important New Information Regarding Missed Tests**

For any missed tests or late assignments, students **MUST** complete the following online form which will be received and reviewed in the Psychology undergraduate office.

[HH PSYC: Missed Tests/Exams Form](#). Failure to complete the form within 48 hours of the original deadline will result in a grade of zero for the test/assignment.

## Add/Drop Deadlines

For a list of all important dates please refer to: [Fall/Winter 2018-19 - Important Dates](#)

	<b>FALL (F)</b>	<b>YEAR (Y)</b>	<b>WINTER (W)</b>
Last date to add a course <b>without permission</b> of instructor (also see Financial Deadlines)	Sept. 18	Sept. 18	Jan. 16
Last date to add a course <b>with permission</b> of instructor (also see Financial Deadlines)	Oct. 2	Oct. 23	Jan. 30
Drop deadline: Last date to drop a course without receiving a grade (also see Financial Deadlines)	Nov. 9	Feb. 8	March 8
Course Withdrawal Period (withdraw from a course and receive a grade of "W" on transcript – see note below)	Nov. 10 - Dec. 4	Feb. 9 - Apr. 3	March 9 - Apr. 3

**\*Note:** *You may withdraw from a course using the registration and enrolment system after the drop deadline until the last day of class for the term associated with the course. When you withdraw from a course, the course remains on your transcript without a grade and is notated as "W". The withdrawal will not affect your grade point average or count towards the credits required for your degree.*

## Information on Plagiarism Detection

Turnitin will be used to detect for plagiarism.

## Electronic Device Policy

Electronic devices are allowed in class. Please be respectful of other students and make sure all devices are placed on silent mode and that information on your electronic device pertains to the course while in class (e.g., class slides).

## Attendance Policy

Attendance is encouraged but not mandatory. Lectures are designed to provide clarification of particular topics and/or to supply you with additional material to extend your understanding of certain topics. They are not designed to cover all the material presented in the textbook. If you do not attend a lecture(s), regardless of the reason, you are responsible for all information that has been presented during class.

## Academic Integrity for Students

York University takes academic integrity very seriously; please familiarize yourself with [Information about the Senate Policy on Academic Honesty](#).

It is recommended that you review Academic Integrity information [SPARK Academic Integrity modules](#). These modules explain principles of academic honesty.

## **Test Banks**

The offering for sale of, buying of, and attempting to sell or buy test banks (banks of test questions and/or answers), or any course specific test questions/answers is not permitted in the Faculty of Health. Any student found to be doing this may be considered to have breached the Senate Policy on Academic Honesty. In particular, buying and attempting to sell banks of test questions and/or answers may be considered as “Cheating in an attempt to gain an improper advantage in an academic evaluation” (article 2.1.1 from the Senate Policy) and/or “encouraging, enabling or causing others” (article 2.1.10 from the Senate Policy) to cheat.

## **Electronic Devices During a Test/Examination**

Electronic mobile devices of any kind are not allowed during a test or examination. Students are required to turn off and secure any electronic mobile device in their bag which is to be placed under the chair while a test/exam is in progress. Any student observed with an electronic device during a test/exam may be reported to the Undergraduate Office for a potential breach of Academic Honesty.

## **Academic Accommodation for Students with Disabilities**

While all individuals are expected to satisfy the requirements of their program of study and to aspire to do so at a level of excellence, the university recognizes that persons with disabilities may require reasonable accommodation to enable them to do so. The [York University Accessibility Hub](#) is your online stop for accessibility on campus. The [Accessibility Hub](#) provides tools, assistance and resources. Policy Statement.

**Policy:** York University shall make reasonable and appropriate accommodations and adaptations in order to promote the ability of students with disabilities to fulfill the academic requirements of their programs.

The nature and extent of accommodations shall be consistent with and supportive of the integrity of the curriculum and of the academic standards of programs or courses. Provided that students have given sufficient notice about their accommodation needs, instructors shall take reasonable steps to accommodate these needs in a manner consistent with the guidelines established hereunder.

For Further Information please refer to: [York university academic accommodation for students with disabilities policy](#).
