Description of Assignments

Personal Theory Paper (7%) First draft: Sept. 23, 2019. Second draft: October 7, 2019

This is a maximum four page (double-spaced) paper outlining your own theory of personality and counselling. Describe in your own words your view of personality, important factors that contribute to personality development and the essential features necessary to explain how we function. Try and discern the underlying assumptions of human nature. Include a discussion about what you think motivates human beings. In addition, describe your theory of counselling and show how it is related to your theory of personality. What do you think is necessary for psychotherapy to be effective? What are important factors for facilitating change? Outline what you would emphasize in therapy, the topics you feel would be important to cover and the types of information you feel you would need to have in order to work effectively with your client. Identify and define up to four core constructs that guide the way you think about psychotherapy. See assignment description on moodle.

N.B.: It is important that this material reflect your own thinking. Do not describe an existing theory. Do not refer to any texts. Write in the first person.

The first draft of the paper is due Sept. 23, 2019. It will be edited by a peer in your class. After receiving your peer-reviewed feedback, make any changes you think are necessary. Hand in both the first draft (along with your peer-editor's comments) and the second draft on October 7, 2019. Submit your final draft to turnitin via the link on moodle.

Editorial Comments (3%)

Return to writer by Sept. 30, 2019

You will read one of your colleague's Personality Theory paper. Provide the writer with comments and questions that you believe will help them to express their ideas more clearly and effectively. Type your comments on a separate sheet of paper. Hand the comments and the original paper back to the writer by October 1. You will be graded on the clarity and usefulness of your own feedback. N.B.: Your promptness regarding turn-around-time is very important.

Film review (4%)

A part of each class will be devoted to a film review. Students will sign up to be a discussant. Film discussants will need to preview the film. Most films are available as electronic resources through the York library. Because viewing time is limited to 10-15 minutes, you will need to select a portion of the film you believe would be most useful for the class to see. After the class views the selected portions, you will give your reactions to the film as a means of stimulating class discussion. N.B.: This is NOT a presentation. Your objective is to help facilitate a class discussion. *Please note: the library takes reserved films off of the shelf 1 week prior to the viewing date. This means students will need to review their films on an earlier date.* See assignment description on moodle.

In Class tests

Test #1 (20%) October 28, 2019: Corsini Chapters 1, 2, 3, 4, 9, all lecture slides, *plus* AR 1) Seligman, and 2) What is a theory ?

Test #2 (24%) January 20, 2020 Corsini Chapters 5, 6, 7, 8, 11, 12, 13 all lecture slides *plus* assigned ready Corey

Both tests will consist of multiple choice, short answer and essay style questions covering the text and supplemental chapters covered to date. The second test is not cumulative.

Seminar Presentation (12%) January 27 to March 23, 2020

Each student is expected to make a presentation to the rest of the class in the second term. Your one-hour presentation will be done in a group of three people. The presentation can include lecture, audiovisual material, exercises, and guided group discussion. A list of suggested topics will be provided. Feel free to discuss additional topics with me. Topics and presentation dates will be established early in the first term. You will need to have your topic and proposed readings approved by the course director. You will be expected to research your area of interest and present the material in a clear and organized manner.

More specific guidelines regarding the expectations for the presentation will be discussed in class.

Final Paper (20%) March 30, 2020

The term paper may be an elaboration of the same topic as the seminar presentation, or students can choose a different topic (with approval of the Course Director). Details will be announced in class. The paper should be written in accordance with the Publication Manual of the American Psychological Association. Papers should be approximately 10-12 double spaced pages (2500-3000 words). See assignment description on moodle.

Participation (11% total)

Class participation will be evaluated based on **two** components. 9% will be based on active and informed participation and reflection in all class discussions and exercises. Please note, this mark is not based on attendance per se, however, it goes without saying that attendance is necessary in order to participate. It will be helpful to prepare for each meeting by completing the assigned readings prior to each class. 2% will be based on providing a peer review for a minimum of four final group presentations.
