

Faculty of Health
Department of Psychology
PSYC 3140 3.0 Section A: ABNORMAL PSYCHOLOGY
Online Course
Fall 2020

Instructor and T.A. Information

Instructor: Peter Papadogiannis, Ph.D.

Email: papa30@yorku.ca

Virtual Office Hour: Fridays at 9:30 – 10:30 am on Moodle

T.A.	Christina Dimech	Jaeger Lam
Email	cvdbrink@yorku.ca	jaeger.man.lam@gmail.com
	A-L	M-Z

Course Prerequisite(s): Course prerequisites are strictly enforced

- HH/PSYC 1010 6.00 (Introduction to Psychology), with a minimum grade of C.
- Completed at least 54 earned credits

Course Credit Exclusions

Please refer to [York Courses Website](#) for a listing of any course credit exclusions.

Course website: [Moodle](#)

Course Description

The course provides an overview of the etiology, symptomatology, and classification of the major clinical disorders. The course content will examine neurotic, psychotic, and personality disorders, as well as developmental and neurological problems. Also, identity problems, anxiety conditions, and learned (phobias, depression, substance abuse, etc.) patterns of abnormal behaviour will be studied. The main objective of the course is to gain a deeper understanding of the nature, causes of, and current treatments for psychopathology, and more importantly an appreciation for the tentative and incomplete nature of our understanding of mental illness.

Program Learning Outcomes

Upon completion of this course, students should be able to:

1. Demonstrate in-depth knowledge of abnormal psychology.
2. Articulate trends in abnormal psychology.
3. Express knowledge of abnormal psychology in written form
4. Describe and explain limits to generalizability of research findings in abnormal psychology.
5. Demonstrate ability to relate information in abnormal psychology to own and others' life experiences.

Required Text

- Comer, R.J. (2018). Abnormal Psychology – 10th Edition. Worth Publishers.

Organizing The Course

The Abnormal Psychology course (Psyc 3140) is offered in an asynchronous format. This means that there are no live virtual lectures/meetings. Lectures for the course will be prerecorded. Online course activities (i.e., tests, quizzes, course discussions) will take place on Moodle over the entire week. This format gives students more flexibility for completing course requirements. Please keep in mind that course materials are designed for use as part of the Abnormal Psychology course at York University and are the property of the instructor unless otherwise stated. The materials should be used for educational purposes only and as a means for enhancing accessibility. Students do not have permission to duplicate, copy and/or distribute the materials outside of the class

Third party copyrighted materials (such as book chapters, journal articles, music, videos, etc.) have either been licensed for use in this course or fall under an exception or limitation in Canadian Copyright law. Copying this material for distribution (e.g. uploading material to a commercial third-party website) may lead to a violation of Copyright law.

Course Requirements and Assessment:

Assessment	Date of Evaluation (if known)	Weighting
Midterm Exam	October 25, 2020	30%
Final Exam	December 9-23, 2020	35%
Research Assignment	December 1, 2020	20%
Online Activities	Throughout the Semester	15%
Total		100%

Description of Assignments

Research assignment documents and Online Activities can be found on the Moodle course website.

Grading as per Senate Policy

The grading scheme for the course conforms to the 9-point grading system used in undergraduate programs at York (e.g., A+ = 9, A = 8, B+ = 7, C+ = 5, etc.). Assignments and tests* will bear either a letter grade designation or a corresponding number grade (e.g. A+ = 90 to 100, A = 80 to 90, B+ = 75 to 79, etc.)

(For a full description of York grading system see the York University Undergraduate Calendar - [Grading Scheme for 2020-21](#))

Missed Tests/Midterm Exams/Late Assignment:

For any missed examination, quiz or late assignment, students MUST complete the following online form which will be received and reviewed in the Psychology undergraduate office [HH PSYC: Missed Tests/Exams Form](#). Failure to complete the form within 48 hours of the original deadline will result in a grade of zero for the missed quiz or late assignment.

At this time, due to COVID-19 an Attending Physician’s Statement (APS) is not required, however, a reason for missing an evaluated component in the course must be provided.

Tests or examinations missed on the grounds of non-medical circumstances must be supported by appropriate documentation (i.e., death certificates, obituary notice, automobile accident reports, airline/train/bus ticket/receipts with date of booking on ticket, etc.). Airline/train/bus ticket/receipts for emergency travel must indicate destination, departure and return dates.

In the case of a make-up test/exam, the student must be prepared to write within the week following the missed test (a date will be set by the instructor). Although the content to be examined will be the same, the format may or may not follow that of the original test/examination. It is the student’s responsibility to check with the instructor, TA, and/or course website as to the date/time of the make-up. A conflict in another course during the time of the make-up is not an acceptable reason for missing the make-up. If a student misses a make-up opportunity for good reasons (see points mentioned above), then either the prorating option is applied, or a second and final opportunity for a make-up will be arranged. Missed make-ups must be supported by appropriate documentation (see points above). Failure to provide appropriate documentation will result in a grade of F on the missed test.

Add/Drop Deadlines

For a list of all important dates please refer to: [Fall/Winter 2020-21 Important Dates](#)

	Fall	Year	Winter
Last date to add a course without permission of instructor (also see Financial Deadlines)	September 22	September 22	January 5
Last date to add a course with permission of instructor (also see Financial Deadlines)	October 6	October 27	February 8
Drop deadline: Last date to drop a course without receiving a grade (also see Financial Deadlines)	November 6	February 5	March 12
Course Withdrawal Period (withdraw from a course and receive a grade of “W” on transcript – see note below)	Nov. 7- Dec. 8	Feb. 6 - April 12	March 13 - April 12

There are deadlines for adding and dropping courses, both academic and financial. Since, for the most part, the dates are **different**, be sure to read the information carefully so that you understand the differences between the sessional dates below and the [Refund Tables](#).

You are strongly advised to pay close attention to the "Last date to enrol without permission of course instructor" deadlines. These deadlines represent the last date students have unrestricted access to the registration and enrolment system.

After that date, you must contact the professor/department offering the course to arrange permission.

You can drop courses using the registration and enrolment system up until the last date to drop a course without receiving a grade (drop deadline).

You may [withdraw from a course](#) using the registration and enrolment system after the drop deadline until the last day of class for the term associated with the course. When you withdraw from a course, the course remains on your transcript without a grade and is notated as 'W'. The withdrawal will not affect your grade point average or count towards the credits required for your degree.

Academic Integrity for Students

York University takes academic integrity very seriously; please familiarize yourself with [Information about the Senate Policy on Academic Honesty](#).

It is recommended that you review Academic Integrity information [SPARK Academic Integrity modules](#). These modules explain principles of academic honesty.

Test Banks

The offering for sale of, buying of, and attempting to sell or buy test banks (banks of test questions and/or answers), or any course specific test questions/answers is not permitted in the Faculty of Health. Any student found to be doing this may be considered to have breached the Senate Policy on Academic Honesty. In particular, buying and attempting to sell banks of test questions and/or answers may be considered as “Cheating in an attempt to gain an improper advantage in an academic evaluation” (article 2.1.1 from the Senate Policy) and/or “encouraging, enabling or causing others” (article 2.1.10 from the Senate Policy) to cheat.

Online Exam Proctoring

For the midterm and final exam, an online platform called Proctortrack will be used. Proctortrack is a remote proctoring tool that works in conjunction with Moodle, which offers an additional layer of services for exams that allows for greater integrity (of online examinations). For more information on Proctortrack, please visit <https://registrar.yorku.ca/online-exams>.

Electronic Device Policy

Electronic devices are allowed in class. Please be respectful of other students and make sure all devices are placed on silent mode and that information on your electronic device pertains to the course while in class (e.g., class slides).

Academic Accommodation for Students with Disabilities

While all individuals are expected to satisfy the requirements of their program of study and to aspire to do so at a level of excellence, the university recognizes that persons with disabilities may require reasonable accommodation to enable them to do so. The university encourages students with disabilities to register with ***Student Accessibility Services (SAS)*** to discuss their accommodation needs as early as possible in the term to establish the recommended academic accommodations that will be communicated to Course Directors as necessary. **Please let me know as early as possible in the term if you anticipate requiring academic accommodation so that we can discuss how to consider your accommodation needs within the context of this course.**

<https://accessibility.students.yorku.ca/>

Excerpt from Senate Policy on Academic Accommodation for Students with Disabilities:

1. Pursuant to its commitment to sustaining an inclusive, equitable community in which all members are treated with respect and dignity, and consistent with applicable accessibility legislation, York University shall make reasonable and appropriate accommodations in order to promote the ability of students with disabilities to fulfill the academic requirements of their programs. This policy aims to eliminate systemic barriers to participation in academic activities by students with disabilities.

All students are expected to satisfy the essential learning outcomes of courses. Accommodations shall be consistent with, support and preserve the academic integrity of the curriculum and the academic standards of courses and programs. For further information please refer to: [York University Academic Accommodation for Students with Disabilities Policy](#).

Course Schedule:

<u>Week Of:</u>	<u>• Lecture Topic</u>	<u>Readings (Comer 9th & 10 Editions)</u>
Sept. 7	Course Outline & Orientation to the Course Videos Orientation to the Research Assignment Videos	
Sept.14	Introduction to Abnormal Psychology	Chapter 1
Sept. 21	Models of Abnormal Behaviour	Chapter 3
Sept. 28	Assessment of Abnormal Behaviour	Chapter 4 (pp. 97-120) Chapter 4 (pp. 85-106)
