PROJECT DESCRIPTION

Describe the project including objectives, significance, research plan and methods, and work already completed on this project. Project descriptions should be written in language that will be clear to committee members who may be unfamiliar with the field of study. There are approximately 4400 characters in this section. The font and font size are set automatically; formatting such as bold/ underline is unfortunately not available. Use only the space provided. Attachments will not be accepted.

DETAILS OF FUNDING REQUESTED

Provide a costing and justification of each budget item. If you would like to hire an undergraduate RA, our suggested minimum hourly rate is \$15. Please note that relatives cannot be hired as assistants.

Please note the following budget limits:

- **Junior Faculty Funds - \$2,000**
- **Minor Research Grants - \$3,000**
- **Combined applications for Junior Faculty Funds and Minor Research Grants - \$5,000**

BUDGET ITEM	AMOUNT
TOTAL AMOUNT REQUESTED	

Justification:

PROGRESS REPORT – Only applicants that have received Junior Faculty Funds and/or a Minor Research Grant within the last 3 years need to complete this section. Recipients must submit a brief report on what was accomplished as a result of their last award before any subsequent funds will be awarded.

Project title:

Type of award: Select

Date of award:

Did the award lead to external funding?

Yes

No

In the space below, provide a brief statement of the work completed under the above grant. If applicable, include any publications, presentations, funding applications or other outcomes that resulted from the previous award.

There are approximately 3500 characters in this section. The font and font size are set automatically; formatting such as bold/underline is unfortunately not available.
