

Non-Major Modification Program Changes

1. Programs:

Health Policy (Specialized Honours BHS Program): 120 Credits

Honours Minor in Health Policy

Cross-Disciplinary Certificate in Health Informatics

2. Degree Designation: BHS

3. Type of Modification: Changes to degree requirements / approved substitutions

4. Effective Date: Fall 2022

5. State what the changes are:

Courses that have been retired or have expired have been removed.

6. Provide the rationale for the proposed changes that is rooted in the program learning outcomes.

No effect on PLOs – where retired or expired courses have been removed, there remains other course options or substitutes students can select to achieve PLOs.

7. Provide an updated mapping of the program requirements to the program learning outcomes to illustrate how the proposed requirements will support the achievement of program learning objectives.

Not applicable.

8. If relevant, summarize the consultation undertaken with relevant academic units, including commentary on the impact of the proposed changes on other programs. Provide individual statements from the relevant program(s) confirming consultation and their support.

Not applicable

9. Describe any resource implications and how they are being addressed (e.g., through a reallocation of existing resources). If new/additional resources are required, provide a statement from the relevant Dean(s)/Principal confirming resources will be in place to implement the changes.

No resource implications.

10. Provide a summary of how students currently enrolled in the program will be accommodated.

See question #6

11. Provide as an appendix a side-by-side comparison of the existing and proposed program requirements as they will appear in the Undergraduate or Graduate Calendar.
