

KINESIOLOGY & HEALTH SCIENCE

AT YORK UNIVERSITY (BA, BSc)

kine.info.yorku.ca

Canada's leading academic centre for the study of the connection between physical activity and human health.

- York's Kinesiology & Health Science program is ranked 3rd in Canada and 21st in the world by ShanghaiRanking's Global Ranking of Sport Science Schools and Departments 2020.
- More course selections than any other Kinesiology program in Canada
All core courses are taught by full-time professors who are experts in their field
- Prerequisites for medical school and other professional schools (e.g. physiotherapy, dentistry, chiropractic, pharmacy and more) during your four year degree at York
- York's program recognized by the College of Kinesiologists of Ontario for preparing students to write the Registered Kinesiologist (RKin) exam
- Certificates in Athletic Therapy*, and Fitness Assessment & Exercise Counselling
- Hands-on research experience in our labs and with community partners

* York is the only university in Ontario to offer the Athletic Therapy Certificate
