CALUMET AND STONG COLLEGES AWARDS

22/23

April 25th, 2023
Second Student Centre
York University

Message from the College Head and the Associate Dean *for* Students

Order of Ceremony

Jennine S. Rawana
Head of Calumet College

On behalf of Calumet College, congratulations on your exceptional academic and leadership achievements. Undoubtedly, your stellar success reflects your commitment to your studies and our university community, and pursuing what makes you passionate and excited. Thank you for choosing the Calumet College community to help you attain your goals and dreams and for your contributions to our programming and events. Calumet College will continue to support you as you embark on the next steps in your journey ahead, and I encourage you to fulfil your roles as engaged leaders that transform lives and communities.

Mazen J. Hamadeh
Associate Dean *for* Students

I would like to congratulate all the award recipients on excelling academically or in showing exceptional leadership. These awards reflect your hard work, focus, passion, persistence and meaningful contributions. Your commitment to leaving a significant impact and evolving the community you live in will stand you well in your future endeavours. The Faculty of Health is proud of you and your achievements, and we wish you continued success. As you go forth with your next chapter in life, remember to contribute to the success of the community as others have contributed to your success. The way must be tried!

Welcome	Rodolfo Lastimosa Jr.

About the Faculty of Health

As York University's second largest Faculty with more than 10,000 students, 200+ full-time faculty and six degree programs (Kinesiology & Health Science, Psychology, Nursing, Health Studies, Global Health, and Neuroscience), York's Faculty of Health believes the key to solving the crisis in health care is to keep more people healthier, longer, with an emphasis on prevention first, then care when needed – to make a difference in people's lives and make health and health care sustainable for all. Our vision is to educate future global leaders – agents of change – who will redefine and advance health and human science, local to global.

About the Colleges

Calumet College

Calumet College is affiliated with the Faculty of Health and the Schulich School of Business, and primarily supports students from Global Health, Health Policy and Management, and Psychology programs. Our values are student-centric, collaborative, mentorship, engagement and bold. Calumet College is a community committed to an engaged student experience through high-quality and collaborative academic support, leadership development and recognition of achievement.

Stong College

Stong College is affiliated with the Faculty of Health, serving students from Nursing as well as Kinesiology and Health Science. Enriched by the Stong family pioneer spirit, to which we owe our name, our community is committed to innovation while preserving the values of diversity and inclusivity. Our team at Stong College aims to support student success through a variety of programs designed for students throughout their university experience.

Calumet & Stong Colleges Student Success Programs

Student Transition

Orientation – a great way for new students and their families to transition into university, discover campus resources, and establish social and academic networks. Orientation provides opportunities to learn about York and its resources, and to connect with students, Peer Leaders, staff and faculty.

Mentoring – connects upper-level students to students new to York to help them transition into university, and connects graduate students and alumni to upper level students to guide and advise them about post-graduation career choices.

Academic Support Programs

Peer-Assisted Study Sessions (PASS) – free, study group sessions for challenging courses facilitated by well-trained, upper-level student leaders to strengthen students' study skills and learning strategies to succeed academically.

Peer Tutoring – free, one-on-one academic service provided by well-trained, upper-level student leaders to help students understand challenging course content and develop their learning skills.

Course Representatives – well-trained peers who make class announcements to encourage students to engage in their own personal and academic success, liaise with students and the course director to improve students' learning experience, and organize un-facilitated study groups to promote healthy study strategies.

Student Development and Leadership

Leadership Exploration and Development (LEADwith us) – Faculty of Health students and Peer Leaders can develop or strengthen their leadership and citizenship skills by partaking in weekly hands-on training workshops.

Career Exploration – helps students explore future career choices while networking with York alumni.

Health and Wellness – hands-on workshops and themed events addressing the Body, Mind and Heart: nutritional, physical, sexual, intellectual, academic, occupational, financial, environmental, emotional, social and spiritual.

Agents of Change – provides up to \$500 in start-up funds from the Faculty of Health to help students launch their own healthy initiative related to the social determinants of health, including physical, mental and sexual.

Awards and Recognition – students can apply for awards and bursaries to be recognized for their academic scholarship and/or significant contribution to College life and the community.

Community Building and Development

Student Engagement and Partnership – Calumet College Council (CCC) and Stong College Student Government (SCSG) represent the voice of the students in their respective Colleges. The Colleges are also affiliated with student clubs whose mandates align with the Colleges' strategic plan, such as: Global Health Students' Association (GHSA); Kinesiology and Health Science Student Organization (KAHSSO); Nursing Students Association at York (NSAY); Nursing Student Tutoring, Ambassadorship and Mentorship Programs (NSTAMP); Student Association of Health Management, Policy and Informatics (SAHMPI); Undergraduate Psychology Students Association (UPSA); Black Students in Psychology (BSIP); and 2nd Entry Nursing Student Association (2NA).

Indigenous Circle – Calumet College has had a long and unique connection with the Indigenous community. Both Colleges are committed to learning from and strengthening relationships with Indigenous communities to promote Indigenous knowledge and traditions, advocating for priorities that enhance Indigenous health and wellness, engaging the Indigenous community, and celebrating Indigenous heritage.

Community Engagement & Wellbeing – programs and workshops designed for students to take a break and decompress, or serve as a platform for citizens, activists, and leaders to share their personal, career, and life experiences and challenges with the community, and how they negotiated their life paths around these challenges.

Alumni and Fellow Engagement – Calumet and Stong Colleges are committed to engaging alumni and Fellows to contribute to the intellectual, cultural and professional needs of our students and community.
