HOW CAN STUDENTS KNOW WHAT FLOOR IS THEIR ROOM ON?

The first digit(s) of the room number will denote which floor a room is on. For example, if you have been assigned "Room 703", you will be living on the 7th floor; if you have been assigned "Room 1221", you will be living on the 12th floor, etc.

In Calumet Residence, room numbers begin with the House, then the Floor number. For example, "UC-03-4A" means that you will be living in House 3, on the 4th floor.

IS CLEANING SERVICE PROVIDED IN RESIDENCE?

In the traditional-style residences, custodial staff provides basic cleaning of washrooms, lobbies, stairwells and corridors during the week and some light cleaning during weekends. However, cleanliness of communal areas such as the kitchens and common lounges is the joint responsibility of all those who use the space. In suite-style residences, students have a shared responsibility for the cleanliness of the communal areas (kitchen, living room and bathroom/s).

In order to adhere to Health and Safety regulations, maintain a standard of cleanliness and create a hospitable environment for everyone, residents are responsible for keeping their room/suite in a clean and orderly condition.

IS STORAGE AVAILABLE IN RESIDENCE?

No, unfortunately there is no storage available for personal items. We recommend that students only bring items that they will need and use during the upcoming academic year. If you are in need for storage space, you may check [Find Storage Fast](#) services provided by external vendors.

ARE WASHROOMS IN RESIDENCE SHARED?

In traditional-style residences, approximately 20 students per floor may share common washrooms. Most residence floors/suites are mixed-gender but also most of our traditional-style buildings have single bathrooms on each floor.

There is sufficient space for everyone and there are privacy locks on every shower door and toilet stall. Students have varying class schedules, so they are rarely using the washrooms at the same time.

ARE GUESTS ALLOWED IN RESIDENCE?

Yes. All guests must be signed in and must provide photo ID (official government ID or passport). Residents are responsible for their guest(s) at all times.

Residents are expected to exercise common courtesy towards their fellow roommates/suitemates by being considerate of their need for personal space and quiet. Residents must get consent from their roommate/suitemate before making arrangements to have a guest over. Please refer to the [Residence Handbook](#) for information about guest policies.

WHERE DO STUDENTS EAT IN RESIDENCE?

Incoming residents (except those in suite-style accommodations) must purchase a meal plan upon accepting their housing offer. Through the meal plan, students have the flexibility of purchasing meals and snacks through over 40 food outlets on campus. They are comprised of traditional cafeterias and independent restaurants that offer home-style cooking, a variety of healthy food choices, vegetarian and vegan dishes, international flavours, kosher or halal meals and lots more! Check out the [Dining Directory](#) and information about the [Eat Smart Program](#).

CAN I USE MY MEAL PLAN IF I MOVE-IN EARLY?
