## OBW Summer Research Program (SRP)

Participate in a research  
project at a Baden-  
Württemberg university during  
the summer months

### Timing

- 2 or 3 months during the summer

### Eligibility

- Undergraduate and graduate students in science, engineering, and health science disciplines

### Language competence

- No German-language prerequisite (with agreement of host professor)

### Costs

- Students pay for living expenses in Germany, flight, and other associated costs
- **Scholarship available: \$3,000 for a research placement of two months; \$4,000 for three months.**

### Placements

- Students need to arrange their own placement — see our website for more details

### Credits

- Contact your academic advisor for information on possible credit transfer
- **Apply through the International Office of your home university**
