## TSE DESTINATIONS

Although we include other cities (Madrid, Valencia, Toledo,...), overall we work in two relatively small and very safe cities where the integration of international students and the development of experiential programs of high added value is easier.

### CUENCA:

With **60.000 inhabitants** Cuenca is a **safe and welcoming city**, full of **culture, art and nature**. A truly vibrant city with **Spanish traditions and celebrations**.

### A CORUÑA:

A Coruña is a city of 270.000 inhabitants, **cosmopolitan, elegant**, and full of **life and activities** to enjoy. It is part of the “Camino de Santiago” (Santiago’s Way) and has been one of the main focal points of international commerce in our country for 2000 years. Today A Coruña is the headquarters of Zara and the home to many other companies with international vocation.

## TOTAL IMMERSION PROGRAMS

"My students came back in love with Cuenca, the Spanish culture and with a new boost of enthusiasm to continue studying Spanish! I know TSE program very well. The reason why we decided in my school to take our students to Cuenca and A Coruña is because the immersion TSE offers is real, not a bubble course in which the students only establish relations among them or other international students. TSE has managed to create experiences and activities where the students "live" the language, the culture and the Spanish hospitality",

FÁTIMA GONZÁLEZ, HALCYON LONDON INTERNATIONAL SCHOOL.(UK)

"I have visited TSE Cuenca 4 times accompanying over 40 Japanese students. It seems to be one of the best schools for students who are beginning to learn Spanish in Spain. Here, Cuenca is a very quiet and safe city, and also people are really nice. TSE courses are a bit different from the ones at universities. Normally Spanish grammar is taught and conversation is like an option of the classes, but these courses are more communicative. What they do in class and the activities are organically related, and the students learn good Spanish communication skills.. The city of Cuenca is really charming as well. You can also make the best friends. My students participating in TSE are still in touch with them after they came back to Japan. I am sure TSE is one of the best choices of Spanish Schools in Spain"

NOBORU ISHII, OTARU UNIVERSITY COMMERCE. JAPAN

"This past summer, 10 Flagler students and I spent 4 weeks in Cuenca. According to the participants it really was a great "Spanish experience". What I liked the most was the combination of language training in the morning and cultural activities in the afternoon, including a gymkhana (treasure hunt) around the city, a ride on a bike along river Júcar, flamenco, pottery... It was all truly great!"

AGGIE JONHSON. FLAGLER COLLEGE, FLORIDA (USA)

# PROFESSIONAL INTERNSHIP + SPANISH

## PROFESSIONAL DEVELOPMENT

## PERSONAL DEVELOPMENT

The incorporation of a multidisciplinary work team in an international environment favors the personal development and maturity of the student.

## TOTAL LINGUISTIC IMMERSION

The use of Spanish not only in the work environment, but also in personal interactions, together with an optional Spanish supplementary course, is the fastest way to master a language.

The evenings will be spent with our **EXPERIENCIAS TSE** and will allow students to share, communicate and generally co-exist with people of all ages from the city of Cuenca.

These activities are designed from attractive contents that enrich student knowledge while Spanish is used for what it really is, a tool for communication.
