## Fun Fact About MARCH

### LETS EXPLORE MARCH!

#### Where did the name March come from?

The name March is derived from the Latin word Martius (named after Mars, the Roman god of war). Martius was the name of the first month in the Roman calendar. It is the only month named after a god.

While many have adopted the Gregorian calendar (The Roman ruler, Numa Pompilius, added January and February to the calendar (thus making March the third month of the year). Some cultures and religions still celebrate the start of the New Year on March 1st.

#### Is there a connection between the month and the word marching?

In ancient Rome, it's believed that March 1<sup>st</sup> is marked as the first day of spring, which coincided with the start of the military campaign season. This may explain why soldiers "march into battle."

Remember that you can talk to us or e-mail us. We are open to articles, events, or anything about the New College community. If you want to be published in the New Beat April newsletter, email your submission of topic to [ncnews@yorku.ca](mailto:ncnews@yorku.ca) by March 6th, 2020 to be approved, and submission of fully finished article by March 13th, 2020.

Everyone is Welcome!

# “Get involved, come by the Lounge!”

Don't miss out, make sure you come out and visit the New College Lounge, Room 107! It's a perfect place to hang out, play some foosball and socialize with friends and people in your college.

The lounge has made my whole university experience more enjoyable. When I first started university, I thought it was going to consist of simply going to lectures, studying and going home. For many people this is how their university life plays out, but for me it was different, I had the lounge.

Being able to take a break from studying to go to the lounge and hang out with others has really changed my perspective. For the past 4 years that I've been at York University, I've always enjoyed and felt happy. In-between classes, I've always spent my time in the lounge and have made great memories. In fact, all my favorite memories of university are with the people I met in the lounge or through frosh. The lounge is probably the thing I'll miss the most once I graduate.

On Wednesday February 12th, I even hosted my very own bingo night event in the lounge and the turnout was amazing! Almost everyone there that day took part, enjoyed some snacks and even won some prizes! So make sure to stop by because you never know what you might be missing out on!

Commuter Rep, New College Council

# “Thank you and Good luck, New College!”

“

“What's up, Eagles!”

Our annual end of year formal is coming up, which means this school year is coming to an end. I just want to give one final thank you to everyone that came out to our social events this year! Being in this position and writing this article has given me a chance to say thank you to everyone in our community. The relationships and memories I've made in my past 2 years at New College is something I will always cherish and be thankful for. Being your VP Social has been a very rewarding experience; all the stress and pressure that comes with event planning, all seem forgettable when seeing it all come together. I hope you enjoyed every part of this year and will continue to be a part of our community in the future.

As for some advice to any of you that want to find your place in York. I strongly encourage you to put yourself out there by joining any intramural teams, coming to any of our trips, becoming a member of any clubs we have or even just stopping by our student lounge once in a while to meet new people. This will really make a positive difference during your time here and will not be something you regret.

Finally as exams are coming up next month, I just wanted to wish you all good luck. You all got through another year of school and I hope you made the most out of it. I can't wait to see you at formal and show what New College is all about.

Martiza Mohammed  
VP Social, New College Council
