Minor Change Description: (e.g. what is the change requested, what does this change mean for the degree, certificate, etc.):

This is an update of the list of second year courses that count towards these degree program in order to add the new course, ANTH 2210 6.0 Advocacy & Public Engagement: Public Anthropology.

Academic Rationale for Change:

Our second year elective courses are keystone courses for our course streams, but are open to all students. The Department has developed a proposal for a minor in Applied Anthropology called “Advocacy & Public Engagement Training” for which this course will be the keystone; all the other Anthropology programs thus need to incorporate it in their list of options.

Please note: the Committee on Curriculum, Curricular Policy and Standards requires that degree or certificate requirements, as listed in the Undergraduate Calendar ([click here](#)), be included below in their entirety.

*Please denote additions in **bold, blue, underlining**, and ~~strikethrough~~ for deletions.*
