## Minor Change Description

1. What is the proposed change?
2. How does this change affect the program?

In response to CPR recommendations and suggestions from the Dean's office (LAPS), in addition to a general program need to update the extended course list for HESO majors we are removing the following from the list of HESO courses.

SOSC 2159 ESL, SOSC 4710, SOSC 4113, SOSC 2101, SOSC 3101, SOSC 3117 (lapsed S19), SOSC 3361 and ANTH 3050, ANTH 3080, ANTH 4330, HUMA 3320, POLS 3300, SOCI 3850, HLST 3400, PSYC 3170, plus HREQ 3850 (retired effective F 15), HREQ 4240 (retired S 19), POLS 4161 and 4162 (lapsed S 19), and HLST 3010 (retired S 18).

The removal of these courses helps us clarify offerings to our students and makes room for new courses developed by new faculty members (see the four new course proposals).

## Academic Rationale

1. How does this change clarify requirements or options for students?
2. How does this change contribute to program identity or coherence?
3. How does the change affect the program's effectiveness at preparing students to meet the program learning outcomes?

1. Many of these courses have since been retired or lapsed and so its important to remove courses no longer offered from the list students view when choosing classes. As well, many of these had low HESO student enrolment.
2. These changes are part of a series of curriculum changes HESO is making in an effort to update our curriculum, as we work to strengthen program identity with new required courses.
3. These changes will not affect the program's effectiveness at preparing our students.
