

## ***The Resource Centre for Public Sociology Methods Clinic 2021***

NEW\*\*\* The RCPS Methods Clinic is a monthly workshop on various social science methods-related topics. Clinics are open to faculty and graduate students who have experience with the method identified, are currently practicing it, or are considering it. Depending on the topic and facilitator, the workshop may cover a brief introduction to the method, epistemological and ethics issues, some practical instruction, and a discussion of tips, challenges, and strategies. We welcome suggestions for future clinic topics.
