

2023-24

**Faculty of Liberal Arts
& Professional Studies**
York University

liberal arts &
professional studies

YORK U
UNIVERSITY

Welcome to the Faculty of Liberal Arts & Professional Studies

Why choose LA&PS? As the largest and most diverse liberal arts Faculty in Canada, we provide a personalized educational experience to support your academic and personal journey. Our unique Faculty bridges traditional liberal arts with a professional education, giving you the foundation you need to succeed in the real world.

Dean's Message

I look forward to welcoming you to the Faculty of Liberal Arts & Professional Studies! LA&PS is committed to celebrating exploration and curiosity. We are the only Faculty in Ontario that lets you combine traditional liberal arts with professional studies. Our students have the unique opportunity to combine any number of programs as double majors and major/minors. We believe that academic knowledge and practical experience are the way forward. Let us help you find your pathway to success.

At LA&PS we are committed to inclusion, equity and diversity in all our activities. We push the boundaries of learning and offer exceptional work study and study abroad opportunities. We encourage you to map your own university experience, unique to your interests and goals.

More than 23,000 students from across Canada and the world call LA&PS home. I look forward to welcoming you home.

-J.J. McMurtry, Dean,
Liberal Arts & Professional Studies

Amazing things happen when diverse communities work together to tackle world issues. When York University students apply their knowledge, they have the power to make things right. Join us in creating positive change. yorku.ca/rightthefuture

**RIGHT
THE
FUTURE**

The LA&PS Advantage

60+ Awarded research projects

Canada's Greenest Employer

Top 2 universities GTA employers prefer to hire from*

Top **35** Leader in UNSDG

24 Fellows of the Royal Society of Canada

650+ diverse faculty members

90+ undergrad degrees and certificates

\$10+ million in research funding (2020-2021)

Keele Campus

Study in the most multicultural city in the world. Toronto is a leader in business, technology, entertainment and culture. Keele Campus has five libraries, 92 buildings, athletic facilities, residences, a shopping mall and beautiful greenspaces.

Markham Campus

The new Markham Campus, opening in 2024, will be the first public university campus in York Region. It will teach future students the skills required for economic competitiveness and community development in Markham, York Region and across Ontario.

Real-World Experiences

At LA&PS, we encourage students to take their learning outside the classroom. That's why we provide a huge choice of practical experiences abroad, in the community, and in the workplace. You can choose to study abroad on academic exchange at one of York's 120 international partner institutions, all while earning credits towards your degree. You can also work in the field of your choice, as part of our extensive internship and placement programs.

“During my internship, I was able to see first-hand the connection between my studies in the classroom and 21st century challenges that businesses and government are looking to solve”.

- Jennings Cheung
Specialized Honours Bachelor
of Public Administration

“Don’t be afraid! Get involved in whatever you like using the student clubs and events, and I guarantee that LA&PS has something for everyone. Even though you feel worried in the beginning, LA&PS will embrace you and help you to be your best version of yourself”.

- Zeynep Elif Soydan
Major in Commerce Management

Getting Started

Ready to join our extraordinary Faculty? We’re here to help you through your next steps:

1 Choose what you want to study

3 Review admissions requirements

2 Take an online campus tour

4 Apply

Undergraduate Programs

LA&PS is the only Faculty in Ontario that includes both liberal arts and professional programs for students to combine as double majors and major/minors. Want to study religion and business? You can do that here. Explore your options. Bridge disciplines. Increase your knowledge and career edge.

yorku.ca/laps/programs/undergraduate

Graduate Programs

We're the largest body of active researchers on campus with over 35 graduate programs and diplomas. Graduate Studies at York is an exciting environment to pursue innovative, socially engaging, career-ready education.

**Accounting
Certificate**

Sharpen your professional accounting skills and prepare for an accounting designation. You'll gain specialized training in financial and management accounting, personal and corporate income taxation, and advanced financial applications. Certificate only.

**Business & Society
Bachelor of Arts (BA)**

This program provides students with the tools needed to study the relationship between business, the economy and society. Study the impact of business decisions on the larger society, and understand the correlation between economic decisions and social outcomes.

**Business Economics
Bachelor of Arts (BA)**

This program integrates aspects of economics and business studies, focusing on the use of economic analysis and statistical methods to deal effectively with economic problems in practical business fields.

**Business Minor
(Honours, Minor)**

The Honours Minor program may be combined with any approved non-business Honours program that offers a major/minor option in the Faculty of Liberal Arts & Professional Studies.

**Commerce
Bachelor of Commerce (BCom),
BCom Specialized Honours in
Information Technology (BCom
ITEC)**

This program focuses on how to apply theory to real-world situations, using a variety of methods including multimedia presentations, seminars, and case studies. With the help of an expert faculty, students sharpen their critical-thinking, communication and leadership skills. Broaden your career horizons and gain practical business experience in one of the largest undergraduate business programs in Canada.

**Economics
Bachelor of Arts (BA)**

This program introduces students to economic thinking and prepares them for intelligent consideration of contemporary economic issues. Gain the analytical skills necessary for understanding and solving complex economic problems.

**Financial & Business
Economics
Bachelor of Arts (BA)**

This program is highly structured to give students a broad understanding of the economic framework upon which financial theory is based.

Disaster & Emergency Management

Bachelor of Disaster & Emergency Management (BDEM)

This program provides students with the academic knowledge and technical skills necessary to aid in the prevention, mitigation, preparedness, response and recovery from disasters and emergencies.

Human Resources Management

Bachelor of Human Resources Management (BHRM)

This interdisciplinary and professional program focuses on all aspects related to the management of people in organizations. Explore industrial relations, career management, gender and diversity, recruitment and selection, economics and statistics, training and development.

Information Technology

Bachelor of Arts (BA), Bachelor of Commerce (BCom)

This program studies how technology can best be integrated and customised. Discover the world of information technology (IT) and become an IT professional able to design, implement, customize and manage technologies.

Marketing

(Honours, Minor)

Students learn the fundamentals of marketing in marketing management, consumer behaviour and marketing research. This program may be combined with any approved non-business Honours program that offers a major/minor option in the Faculty of Liberal Arts & Professional Studies.

**Children, Childhood
and Youth****Bachelor of Arts (BA) – Honours**

This program will examine how to engage children and discern children and young people's voices in historical and cultural contexts. You will come to understand the human condition from the child's perspective.

History**Bachelor of Arts (BA),
International Bachelor of Arts (IBA)**

This program will explore thousands of years of history in Africa, Asia, Europe and the Americas and explore themes such as the immigrant experience in Canada, Indigenous history and global migration.

Humanities**Bachelor of Arts (BA),
International Bachelor of Arts
(IBA)**

This program emphasizes the different ways in which human cultures and their multiple forms of expression have developed historically and continue to develop today.

Jewish Studies**Bachelor of Arts (BA)**

Explore Judaism and the Jewish people while studying the history of Judaism as a religion, and the texts, sociologies, languages, cultures and fine arts of the Jewish people from biblical times to present day.

Philosophy**Bachelor of Arts (BA)**

This program explores many of humanity's fundamental questions. The program's interdisciplinary approach will help you understand various contemporary challenges in applied ethics, social and political philosophy, feminist philosophy, cognitive science, philosophy of mind, and argumentation theory.

Religious Studies**Bachelor of Arts (BA)**

This program invites students to join in current scholarly efforts to study, analyze and understand different forms of religious experience from a number of disciplinary perspectives. Students may concentrate on one religious tradition or they may take a comparative approach.

African Studies

Bachelor of Arts (BA)

Pursue your interest in Africa as a double major or minor. This program will help you gain insights on topics such as African history, people, culture and Africa's role in global affairs.

Black Canadian Studies

Certificate

This certificate program introduces the study of Black Canada through four specific humanities and fine arts approaches: cultural studies, history, literature, and music.

Classical Studies / Classics

Bachelor of Arts (BA)

Study a range of courses in Greek and Roman history, literature, culture, art and architecture. Explore the mythology, archaeology, and culture of ancient Greece and Rome.

Creative Writing

Bachelor of Arts (BA) - Honours, Double Major, Minor

This program introduces students to the various forms of literary writing. Develop a portfolio of writing, including fiction, creative non-fiction, and poetry with one of the few degree programs of its kind in Canada.

East Asian Studies

Bachelor of Arts (BA) - Honours

This program explores the significance of Chinese, Japanese and Korean languages, literature and fine arts. Investigate the economic, social and political impact of these influential nations.

English

Bachelor of Arts (BA)

Discover literary art in all its forms. This program offers a variety of courses from medieval to contemporary literature, post-colonial and international works.

English &

Professional Writing

Bachelor of Arts (BA)

This program blends English and professional writing into a single degree program that highlights and enhances the relationship between the two fields of study. Develop your critical reading and skills.

Hellenic Studies

Bachelor of Arts (BA)

Explore the past and present through Greece's language, literature, culture and history, as well as a range of other Humanities and European Studies courses.

Indigenous Studies

Bachelor of Arts (BA)

Develop awareness and a sense of social responsibility relating to Indigenous issues. Learn from traditional Elders and ceremonies. Placements with Indigenous or supporting organizations will also provide you with cultural and experiential knowledge about Indigenous lands, languages and cultures.

Professional Writing

Bachelor of Arts (BA)

Gain the type of practical experience sought by prospective employers while studying forms of written expression that inform and shape our culture.

Criminology**Bachelor of Arts (BA)**

Discover how the study of crime and its control intersects with social life and connects to the pursuit of justice. This program focuses not only on crime and criminal justice, but also on processes of criminalization and social regulation.

Global Political Studies**Bachelor of Arts (BA)**

Learn to analyze the governance of global forces and ask tough questions about today's global landscape. Focus on the political community; issues of diversity and inequality; the nature of security, peace, and violence; and major transformations in global, regional, and domestic politics.

Human Rights**& Equity Studies****Bachelor of Arts (BA)**

This program explores the ethical principles of human rights as well as the roots and impact of human rights violations. Discover the foundational concepts behind human rights and examine what constitutes rights violations.

**International
Development Studies****Bachelor of Arts (BA)**

Explore the foundations of international development theory and how these theories translate into the practice of helping those in need. Study the realities facing communities throughout the world, and the factors that contribute to the inequalities between the rich and the poor.

Law & Society**Bachelor of Arts (BA) – Honours**

Sharpen your research and analytical skills in fields as varied as philosophy, anthropology, and criminology, as you pursue the knowledge of the law, how it has impacted the course of history and the role it plays in today's society.

Political Science**Bachelor of Arts (BA),
International Bachelor of Arts (iBA)**

Explore the actions of governments, judicial systems and political parties while discovering movements in society and in the power relations of everyday life. This program is designed to develop a student's political analysis ability, critical skills and democratic awareness.

Public Administration**Bachelor of Public
Administration (BPA)**

This program aims to provide students with “education for good governance.” With a strong emphasis on social justice, public ethics and commitment to democratic values, students in the Public Administration program take courses from a mix of disciplines. Develop critical thinking, analytical capabilities and management skills.

Advocacy & Public Engagement Training Minor Certificate, Minor

This minor/certificate program affirms the role of students and scholars as active citizens, community leaders, and partners in empowerment. This minor draws on the department's long-standing strengths in applied anthropology, or public anthropology, as it is more generally known today.

Anti-Racist Research & Practice (CARRP) Certificate

This certificate program explores how to challenge systemic and institutional racism. Ideal for individuals who encounter racism or cultural issues as part of their job or those involved in anti-racism research, education or organizational development.

Anthropology

Bachelor of Arts (BA), International Bachelor of Arts (iBA)

This program focuses on a comparative study of the world's societies. You will ask critical questions about contemporary, past and future social life. You will explore the four major themes of the program including gender, health and the body; nature, science and religion; culture and performance; and power, politics, and development.

Cognitive Science

Bachelor of Arts (BA)

Explore the complex nature of the functions of the mind while answering the oldest questions in philosophy and discovering the most recent findings in science.

Medical Anthropology

Certificate, Minor

This certificate or minor provides an anthropological perspective on health and illness processes and the socio-cultural factors that shape the experience of illness, patterns of health and disease, and access to health care services.

Communication &

Media Studies

Bachelor of Arts (BA), International Bachelor of Arts (iBA)

This program is organized around three main themes: media, culture, and society; critical technology studies; and politics and policy. Explore the character and development of today's diverse media and communication landscapes.

Gender &

Women's Studies

Bachelor of Arts (BA)

Discover the intersections of gender, race, class, age, ability and sexuality in popular culture, everyday life, the arts, the sciences, politics, societies, and the economy.

Health & Society

Bachelor of Arts (BA)

Challenge yourself to critically look at the complexity of health policy, and discover ways in which globalizing economies shape both illness and health care.

Interdisciplinary Social Science

Bachelor of Arts (BA)

Examine historical and contemporary issues within the social science field, including topics such as sustainability and the environment, social justice and diversity, diaspora and global development.

Sexuality Studies

Bachelor of Arts (BA), International Bachelor of Arts (IBA)

Examine the artistic, cultural, economic, geographic, historical, literary, political, psychological and social aspects of sexuality in a transnational context.

Social Work

Bachelor of Social Work (BSW)

Combine practical experience with in-class studies about critical social work perspectives and approaches with our Social Work program, recognized as one of the most progressive and socially responsive programs in Canada.

Sociology

Bachelor of Arts (BA)

Examine social interaction and explore thought-provoking topics such as social inequality, the causes and effects of global migration and the meaning of gender and race in society.

Urban Studies

Bachelor of Arts (BA), International Bachelor of Arts (IBA)

Gain real-world perspectives and theoretical knowledge as you investigate the complex relationship between political institutions, economic systems, ecological processes, physical structures, social relations and cultural understandings.

Work & Labour Studies

Bachelor of Arts (BA)

Learn how work occupies much of our lives and influences how we live and think about the world while exploring the complex nature of work and employment, the impact of globalization and the role of trade unions.

The Department of Languages, Literatures & Linguistics offers a wide selection of study: American Sign Language, Arabic, Chinese (Mandarin), German, Greek, Hebrew, Hindi- Urdu, Jamaican Creole, Italian, Japanese, Korean, Latin, Persian, Portuguese, Russian, Spanish, Swahili and Yiddish. Below are degree programs.

English Language Studies

Bachelor of Arts (BA), Minor

Open to all undergraduates with an ESL background. Advanced your English language proficiency as it directly relates to your specific program of study.

French Studies

Bachelor of Arts (BA),

International Bachelor of Arts (iBA)

Focus on the study of language, linguistics and literature while exploring francophone culture around the world. You'll have plenty of opportunity to speak French with professors and classmates.

German Studies

Bachelor of Arts (BA),

International Bachelor of Arts (iBA)

Explore the language, culture and society of the German-speaking world. You will also have the chance to study abroad with a range of exchange programs.

Italian Studies

Bachelor of Arts (BA), International

Bachelor of Arts (iBA)

Study Italian languages, literature and linguistics and enhance your understanding of Italy's place within a global context.

Japanese Studies

Certificate, Minor

The Department offers a minor degree program in Japanese studies. Students may also pursue a certificate of proficiency in Japanese language.

Linguistics

Bachelor of Arts (BA)

What is the relationship between language and society? Why does language change over time? Study how different social contexts affect our language, convey social meanings and reflect aspects of our identities.

Portuguese &

Luso-Brazilian Studies

Bachelor of Arts (BA)

This program focuses on aspects of art, musical and literary expressions, history, social and political landscapes through multiple courses.

Spanish

Bachelor of Arts (BA)

Develop a strong command of the Spanish language as you explore the language, literature, culture and ethnic diversity of Spain and the Spanish-American world.

Speech & Language Sciences

Bachelor of Arts (BA)

Gain in-depth knowledge of speech and language sciences and disorders. This new program also functions as a professional preparatory program for students who intend to pursue graduate work in speech-language pathology or audiology.

We look forward to welcoming you in 2024 to our new Markham Campus, in the heart of one of the most diverse and dynamic urban communities in Ontario. Here students will drive innovation through academic programs that emphasize technology, research, and creativity.

Entrepreneurship and Innovation

Bachelor of Commerce (major and minor)

This new stream within the School of Administrative Studies bridges traditional business theories and perspectives with emerging entrepreneurial pedagogy, while also exploring innovation strategies in diverse organizations. Students will acquire a vast skillset that can be used in innovating strategies and entrepreneurial ventures.

Financial Technologies

Bachelor of Science, Honours

This unique program responds to the industry need for students fluent in finance and new technologies. Students will learn about recent technological innovations emerging from the finance and economic sector. This program combines computing and IT training with economics and finance education to prepare graduates for a career in technology-intensive roles.

Sport Management

Bachelor of Sport Management, Honours

This program is for students looking to become global leaders in sport innovation and change. A Bachelor of Sport Management will help lay the foundations for competencies not only in management and business, but areas such as sociology, economics, and the media.

Social Media and Public Relations

Bachelor of Arts, Communication and Media Studies

This new stream, under the Department of Communication & Media studies will equip students with a theoretical foundation in communications and media studies, while focusing on emerging scholarship in social media and public relations.

Management Practice

Master of Science

This program is designed to give future leaders a robust understanding of management practices rooted in applied research and analysis. Learn business and management theory, and how to apply it to real-life situations. Students will gain in-demand critical thinking, analytic, organizational, communication, management, and leadership skills.

Management

Graduate Diploma

The Graduate Diploma in Management is designed to give students with a non-business background a thorough understanding of the field of management and key skills required in managing an organization. It is the perfect companion program for those looking to advance their skills and career opportunities.

Municipal Government

Master of Public Policy, Administration and Law

This program allows graduate students to examine the role of municipal governments in ongoing healthcare crises and other emergent service delivery issues. Students will also take a deep-dive into local governance and how its policies impact cross-sectoral partnerships.

Certificates Programs

Our diverse and flexible certificate programs help students increase their knowledge and professional development. Our certificate programs are designed to complement your on-going academic study or build on your previous academic and practical work experience.

Bridging Programs

York University's Bridging Programs for Internationally Educated Professionals (IEPs) support your transition into a job in your professional field in Canada. While in the program you can access career coaching, networking and develop an action plan tailored to your individual skills development and career path. The program works with employers, career and employment services, not-for-profits, professional associations and accreditation bodies.

futurestudents.yorku.ca/access-bridging

Commitment To Social Justice

LA&PS strives to promote social justice, the recognition and valuing of diversity, and a sustainable environment. These values are the foundation for our future. We are leaders in advancing the UN Sustainable Development Goals ranking in the top 35 out of 1,400+ universities worldwide. As an agent of positive change, we are also one of Canada's greenest employers.

Anti-Black Racism Strategy

York University and LA&PS are committed to equity and inclusivity. In response to systematic and institutionalized anti-Black racism in Canada, LA&PS has developed an anti-Black racism strategy with the help of staff, students, and faculty. This is the first step in fulfilling our responsibility to address anti-Black racism and all forms of discrimination.

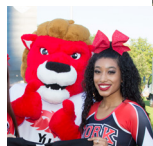

Learn more about our initiatives here:
yorku.ca/laps/addressing-anti-black-racism

Campus Life and Student Supports

Every undergraduate student is assigned to a college when they enter York based on either their Faculty or residence.

Founders College was the first college founded at York and is home to 28 affiliated programs in the Faculty of Liberal Arts & Professional Studies.

Vanier College is affiliated with many programs like Black Canadian Studies, Children, Childhood & Youth, Classics, and Humanities.

McLaughlin College is York University's public policy college. They support the programs in Criminology, Global Political Studies, Work & Labour Studies, Law & Society, Political Science, Public Policy & Administration and more.

New College serves students in Administrative Studies (BCom), Information Technology (ITEC), Human Resource Management (HRM) and Disaster and Emergency Management (DEM).

Impactful Public Lectures

We're excited to share our scholarship and research excellence with the wider community by presenting ongoing lecture series that feature some of the top thinkers in their fields, like writer Dionne Brand and multi-media artist Vivek Shreya. Our esteemed lecturers cover critical issues like equity and social justice, globalization, and indigeneity in Canada.

Connect with us and win!

At LA&PS, we are always excited to hear from our potential students. Visit our Future Students page (yorku.ca/laps/students/future) on our website and fill out our Keep In Touch form for a chance to win one of five \$100 gift cards to the York University Bookstore. Take advantage of this great prize, while sharing with us how you hope to grow and learn in LA&PS! Contest ends June 15, 2023.

Choose Programs

Explore your options and bridge disciplines.

Choose your major from our list below. You can combine it with another major or minor. Some students also choose to add a certificate to their degree. Many of our programs offer evening, weekend, and online classes to give you the flexibility you need.
