### Reappraisal Request Form

Before submitting this form, you must first try to contact the course director to discuss the grade you have received and to request whatever reappraisal you want. Only submit this form after that, if you have been unsuccessful.

Please be aware that a grade reappraisal may result in the grade being raised, lowered, or confirmed. Usually grades are not changed.

The **deadline** for submitting grade reappraisals is February 15 for fall term grades, June 15 for fall/winter session and winter term grades, September 30 for summer session grades, or a minimum of 21 days from the release of your grade, whichever is later.

See <https://myacademicrecord.students.yorku.ca/grade-reappraisal-policy> for more information.
