YOU ARE INVITED TO

Faculty of Science
HONOURS & AWARDS CEREMONY

March 31, 2022
3pm ET — Via Zoom webinar
yorku.ca/go/FSc-Honours-2022

Please join us in celebrating your outstanding achievements in York University’s Faculty of Science. The program will include a keynote by Mark Lievonen, former President of Sanofi Pasteur Limited and Co-Chair of the Government of Canada’s COVID-19 Vaccine Task Force.

SPECIAL GUEST

J. Mark Lievonen, C.M., is the former President of Sanofi Pasteur Limited, the Canadian vaccine division of Sanofi, and current Co-Chair of the Government of Canada’s COVID-19 Vaccine Task Force. A strong supporter of Canadian innovation, he has been honoured to serve many industry organizations and is a passionate advocate for public health access and education. He served on the York University Board of Governors and as a Director of the York University Development Corporation.

Mark is also the founder of Sanofi Biogenius Canada, a program that has fostered young scientists for over 20 years. He is a recipient of the Queen’s Golden and Diamond Jubilee Medallions, Lifetime Achievement Awards from Life Sciences Ontario and the Pharmaceutical Sciences Group, the Canada Medal from The Chemical Institute of Canada, a York University Bryden Alumni Award, and an Honourary Doctor of Laws degree from York.

He was appointed to the Order of Canada in 2015, named a Chevalier de l’Ordre National de Merite by the government of France in 2007, and was inducted into the Canadian Healthcare Marketing Hall of Fame in 2013.
