

First Year Science

BSc | www.yorku.ca/markham/program

Admission Requirements

BSc

- ENG4U, MHF4U, and SBI4U or SCH4U or SPH4U
- Expected minimum admission average: low 80s

Program Overview

Explore First Year Science on the York University Markham campus. Regardless of your preferred science discipline, your first year at the Markham campus will be a unique learning opportunity that will position you for success throughout your studies.

First year Science students at Markham will benefit from innovative course design, cutting-edge learning spaces, flexible learning formats, and small class sizes that promote collaborative learning and networking with faculty. Second year students transition to the Keele campus to complete their respective degree requirements and further enrich their learning with various experiential education opportunities including co-ops and internships. Students entering their first year at the Markham campus can fulfill all first-year-course requirements for the programs below:

Life Science: Biology, Biomedical Science, Biotechnology
 Chemical Science: Biochemistry, Chemistry

Fast Facts about Markham Campus Facilities

Modern and accessible common areas offer plenty of space to meet, study and collaborate with large and small groups

Ten floors of teaching and learning spaces are clustered around a dynamic, multi-story atrium — the Bratty Family Atrium

A multi-faith space, Indigenous learning circle and enhanced accessibility features create a welcoming environment

Classrooms equipped with state-of-the-art technology offer unique learning spaces that promote active and engaged learning

Media creation spaces, makerspaces and a VR and Gaming Lab within the Markham Campus Library are designed to provide supports for experiential learning and foster creative entrepreneurship

Pathways to Bachelor of Science (BSc) Programs

LIFE SCIENCE

Biology
Biomedical Science
Biotechnology

Admission Requirements

- ENG4U, MHF4U, SBI4U, SCH4U
- Recommended: SPH4U
- Minimum admission average: low 80s – mid 80s

CHEMICAL SCIENCE

Biochemistry

Admission Requirements

- ENG4U, MHF4U, SCH4U, SBI4U, MCV4U
- Recommended: SPH4U
- Minimum admission average: high 70s – mid 80s

Chemistry

Admission Requirements

- ENG4U, MHF4U, SCH4U, one addition 4 U or M science
- Recommended: SPH4U, MCV4U
- Minimum admission average: high 70s – 80s

First Year Markham Courses

- Cells, Molecular Biology and Genetics
- Evolution, Ecology, Biodiversity & Conservation
- Chemical Structures
- Chemical Dynamics
- Physics with Life Science Applications I & II
- Applied Calculus I & II
- Mathematics for Biological and Health Sciences I & II

Academic Advising Checkpoint

Each student attends a one-on-one academic advising session to ensure the completion of transition requirements.

Transition to Keel Campus > 2nd Year > 3rd year > 4th Year
