

COVID-19 (Coronavirus) and Planning for Completion of the Academic Term

Communication from the Executive Committee of Senate

7 May 2020

In its role of monitoring and managing the impact of the disruption on academic activities caused by the COVID-19 pandemic, Senate Executive has authorized a further adjustment to the course completion provisions for FW 2019-2020 and Winter 2020 courses.

The decision was taken to extend the 9 May 2020 deadline to 11 May 2020 for the following options for undergraduate students:

- to opt in or out of the pass / fail grading option for any Fall/Winter 2019-2020 and /or Winter 2020; and
- late withdrawal from any full-year Fall/Winter 2019-2020 and / or Winter 2020 course without penalty.

This change was made to help address the delay in finalizing grades for undergraduate students caused by the cyber-attack.

Alison Macpherson
Chair of Senate
