

Hi again, I'm Matthew Dunleavy, educational developer at the Teaching Commons. In the below blog you will see a breakdown of one of our certificates, the certificate in teaching and learning in higher education with our commitment to UDL and offering things in different modalities. This certificate is made up of two courses where we answer two intertwined questions, how do you know learning happens? and how do you know teaching happens? but we offer them online, we offer them in person, across a full semester, or we also offer intensive versions to hopefully fit your schedule so you can join us whenever you can to answer those very very very deep questions.
