### **NOTES:**

Numbers rounded to the nearest 50. Totals may not add up due to rounding. Data excludes managers and institutional residents.

#### **DEFINITIONS:**

**Skill level**: based on the second digit of the HRSD NOC 2006 code. NOC refers to the kind of work persons were doing during the reference week, as determined by their kind of work and the description of the main activities in their job. If the person did not have a job during the week prior to enumeration, the data relate to the job of longest duration since January 1, 2005. Persons with two or more jobs were to report the information for the job at which they worked the most hours.

Skill level 1: occupations usually require university education

Skill level 2-3: occupations usually require college or vocational education or apprenticeship training.

Skill level 4-5: occupations usually require secondary school and/or occupation-specific training. Skill level 6: on-the-job training is usually provided for occupations.
